AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES
HAMBURG, IOWA

New Ambrosia Strawberry

100
For \$2.85

All Ambrosia is the finest strawberry we have ever tasted. Eaten fresh or served with cream and sugar, it has that delicious, sweet, appetizing, real strawberry flavor. The sparkling, bright red berries are very large and firm, fine for canning and preserves because they hold their shape. The fruit is easy to pick and clean because it comes on tall stems strong enough to hold the fruit up off the ground. A strong vigorous plant that produces more fruit than any strawberry we know. While not an everbearer, it ripens over a long season, com-

mencing right after the Dunlap are gone and matures every berry to full size. It is self-pollenizing, so can be planted alone. We have just 500,000 plants so please do not order more than 200 as we wish to distribute them as widely as possible. Postpaid.

25 for 85c

This Spring 1944 Catalog

WILL HELP MAKE YOUR HOME MORE FRUITFUL. MORE BEAUTIFUL

Red Lake
Currants

NEW RED LAKE

Currants

How many times have you wished you could get some currants to make jelly or pies? You know that they make the finest looking and best tasting jelly. Plant a few bushes this spring. They will commence bearing next year. They require almost no attention except to pick the fruit, and take but little room. You plant them 3 feet apart. They bear every year. Postpaid.

We ship Currants only to the following states— Arkansas, Illinois, Indiana, Iowa, Kansas, Kentucky, Missouri, Nebraska, North Dakota, Oklahoma, and South Dakota. If you do not live in these States, please do not order Currants.

A60 Red Lake—A new variety that is rapidly replacing the older kinds. The berries are very large and of superior quality. The clusters are long and filled out right to the top. A clear light color that makes the most beautiful and finest flavored jelly. Very productive. Postpaid.
Each 50c.

A61 Wilder—We think this is the best of the older kinds. It ripens a little before Red Lake and while the berries are not quite as large, it is a tremendous producer. Also we do not believe that the flavor of Wilder has ever been surpassed. Postpaid. **Each 45c.**

A62 1 Red Lake and 1 Wilder for 90c

A63 2 of Each for \$1.65

DELICIOUS HOME-GROWN *Blueberries*

A90 You can now raise your own Blueberries. These are Native Blueberry plants which will grow in almost any ordinary soil. A little Peat Moss put in the soil will make them do still better. The berries are not as large as the tall growing kinds but they have a better flavor. They grow only 2 to 3 feet tall and make an attractive bush. The leaves color beautifully in the fall. This is the kind most people should plant as it does the best in most places. Will grow in the sun but prefers a spot that is shaded in the afternoon. They do best when planted close together in groups, 2 to 3 feet apart.

3 for \$1.75, 12 to 18 inches, Postpaid

TALL GROWING BLUEBERRIES

A91 These are the Blueberries sold by most firms. They grow much taller than the native type above. They thrive only in an acid soil and require more moisture. You can make your soil more acid by mixing quite a lot of Peat Moss with it to a depth of 15 to 18 inches. This also helps hold moisture. (See page 78 for Peat Moss). These have large, fine fruits. Plant in groups, 4 to 6 feet apart.

3 for \$3.65, 12 to 18 inches, Postpaid

We do not sell less than three Blueberries because they do best when planted close together in groups of three or more.

A FEW WORDS OF EXPLANATION

LAST year, there was the greatest demand for Nursery Stock and Seeds ever known. This spring, it may be as great, perhaps even greater. We have made careful plans to handle this business. We have put in this catalog the best and most popular varieties, leaving out those for which there is only a little demand. We have also made fewer sizes of trees and roses. For example, our Super-Size fruit trees are put with the 5 to 7-foot size, making it just that much better value. The Super-Size roses are put with the Selected 2-Year No. 1 size. By having fewer varieties and sizes, we can fill orders more quickly and efficiently.

Much Nursery Stock is Scarce This Spring

Nursery Stock is produced almost entirely by hand work. This has been scarce now for two years. That is why many items are so scarce this season. Last year we had to return many orders because we could not fill them. Therefore, to save disappointment and a year's growth, we urge you to order early. On page 3, you will find a list of Premiums you get for ordering early. Be sure and write on your order the Premiums you wish, so all can be sent in one shipment.

Please Preserve Your Catalog

Paper is scarce. This spring we are mailing about 20% less catalogs than last year. When you are through with yours, perhaps your neighbor would like to see it. Thank you.

Sales Tax

Customers living in Iowa will add 2% to the amount of their order, which the Iowa Sales Tax Law requires us to collect. If Congress passes a National Sales Tax, then all customers will add the amount of this tax to their orders.

Easy to Order

In the comfort and privacy of your own home, you can look through this catalog and select what you want. Write your order for Nursery Stock and Bulbs on the order blank on the opposite side of this page. Write your Seed order on the order blank between pages 78 and 79. Write your full name and complete address on both orders, also write down the catalog number of each item you want. You can mail both orders in the same envelope. If you run out of order blanks, then you can use any sheet of paper, but be sure and put your seed order on a separate sheet of paper. Nursery Stock and Seeds are not shipped together. We ship the seeds to you at once. The Nursery Stock is shipped at the proper planting time. In making out your orders, please write very plainly, and give your full name and complete address, street or rural route. Also mention your nearest express office, especially if it is different from your post office. You can send us money order, draft or check. If you send currency or cash, wrap it carefully and register your letter. A money order is the best way to send payment.

PLEASE HELP US CORRECT OUR MAILING LIST

If your name or address as shown on the catalog envelope is wrong, please write below BOTH the right and the wrong. If you received from us this spring more than one catalog, write below the names and addresses on each envelope and mark the correct one. If you have an extra catalog, a friend or neighbor would appreciate getting it. If you have moved, write down BOTH your old and new address. Thank you.

Inter-State's Guarantee

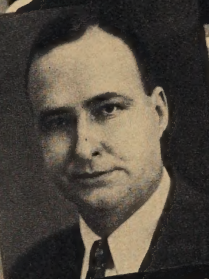

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.

2. We guarantee our stock to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once and we will replace it free or refund your money.

We want you to be satisfied. If anything is wrong, we want you to write us.

AND THE MEN BEHIND IT

The Inter-State Nurseries are owned and operated by three brothers, Carl O., Leslie R., and David L. O. Sjulin (this is a Swedish name and is pronounced "Shoe-lin"). Practically born and raised in the nursery business, we have grown to be the Largest Direct-to-You Nurseries in America, with hundreds of thousands of customers. We have 1600 acres of the finest soil in the world, ideal for growing nursery stock.

CARL O. (Billy) SJULIN

L. R. (Les) SJULIN

D. L. O. (Dave) SJULIN

AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES

Because we grow and sell direct-to-you more nursery stock than any other nursery, we can sell first quality stock at reasonable prices. Our soil is rated the finest in all America for growing nursery stock. It produces wonderful roots and fine tops. If you have never planted any of our seeds, order some this year. They are guaranteed to grow.

FEDERAL SALES TAX

If a Federal National Sales Tax is passed by Congress, we will be required to collect the amount of the tax ON ALL ORDERS.

TAX NOTICE TO IOWA CUSTOMERS

The Iowa law requires us to collect a sales tax of 2% on all orders sent to us BY PEOPLE LIVING IN IOWA. Iowa customers will please add this amount to their order.

HELPFUL PLANTING GUIDE *Free!*

With every nursery stock order, we send Free a 24-Page Planting Guide. It tells in a clear, simple way how to plant, so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

WE PAY POSTAGE

Please note that most items in this catalog are DELIVERED TO YOU, POSTPAID. Some Fruit and Shade Trees are too large to go by parcel post. They are shipped by express, you pay the express charges. In some orders, there are trees which must go by express and also some stock which would go parcel post. In order to avoid making two separate shipments, we send the entire order by express. For this privilege, we include extra stock which has a greater value than the additional express charges amount to.

ABOUT SERVICE FOR 1944

Inter-State has been planning and working hard to assure good service in 1944. Last year the war upset us badly. We lost a large part of our experienced men. This year, our new force—including a splendid group of women—has now had the experience to fill orders quickly and correctly. You can also help us if you will:

1. Order earlier than usual.
2. If you order both nursery stock and seeds, write each order on a separate sheet, writing your full name and complete address, plainly, on both orders.
3. Put down the catalog number shown by each variety and collection.

We thank you sincerely for your co-operation.

**ORDER YOUR
GARDEN SEEDS
Now!**

SEE PAGES 68 TO 79

**SPRING MAY BE EARLY
THIS YEAR**

By Ordering Now You Will
Have Your Seeds On Hand
When You Want Them

**SEEDS AND NURSERY
STOCK ARE NOT
RATIONED**

You can buy all you want. Every
dollar you spend for them brings
you back increased value, many
times over.

IMPORTANT NOTICE

For many years we have put a
catalog number on each variety of
seeds. This Spring we are doing
the same thing with Nursery Stock.
You will find a catalog number for
each variety and collection. Please
put this number down when or-
dering.

If you order both Seeds and Nurs-
ery Stock, please write your Seed
Order on a separate sheet of paper.
Write your full name and com-
plete address, plainly, on both
orders.

**NURSERY STOCK IS
SHIPPED AT PROPER
PLANTING TIME**

Nursery Stock and Seeds are not
shipped together. Seeds are shipped
at once. Nursery Stock is shipped
at proper planting time. We are
equipped so that we can start
shipping to southern states early
in the year. As the season ad-
vances, we keep shipping farther
and farther north until in May we
are shipping to the most northern
parts of the United States.

CENTRALLY LOCATED

We are located near the geographi-
cal center of the United States,
with railroad facilities that enable
us to ship promptly in all direc-
tions to the East and West.

THE Thomas

BLACK WALNUT

MOST REMARKABLE OF ALL NUT TREES

NI When the long cold evenings of winter come, what a pleasure it is to crack
some Black Walnuts to eat or for fudge, or for mother. She can use them in
so many different ways and what a delicious flavor they add. Everybody likes
Black Walnuts, but the common Black Walnut is small and hard to get out
the meats.

Now you can have an improved grafted Black Walnut, which is giant size
with kernels much larger, better flavor and much easier to get out. Thomas
is fast growing and produces very large nuts. It is the greatest nut tree of
the country.

1. It bears very young, often the first
or second year after planting. A ma-
ture tree will produce 15 to 40 bushels
of giant size nuts which sell for \$4.00
to \$7.00 per bushel.
2. The nuts are immense size as pic-
tured above. They crack easily so
the meats come out in halves and
quarters. A bushel of nuts crack out
10 to 12 pounds of meats.
3. The nuts are delicious flavor and
because they are so large and plump
and come out in halves and quarters
they sell for 75c or more a pound.
4. It will grow in every state in
America, North, South, East and
West.
5. Plant a tree or two for your own
use. If you have room, plant more
for profit. You can easily sell the big
nuts at high prices. Plant 50 feet
apart and 2 or 3 inches deeper than
they stood in the nursery.
6. In time the tree will grow large
and walnut logs are becoming scarce.
If you wished you could sell the trees
for lumber at a good price. We doubt,
though, if you would do this because
the nut crop is so valuable.

The demand for this great nut tree is so great that last spring we sold out
early. We have only a limited supply this year. We suggest that you order
early.

**INTER-STATE'S
NEW FAMOUS
MacDONALD
RED RHUBARB**

Rhubarb is the earliest spring vegetable. It should be in every garden. Grows in most any kind of soil. Lasts a lifetime without any care or attention. Just plant them 3 to 4 feet apart and they will take care of themselves. A little manure around them once in a while, will mean more and larger stalks.

Rhubarb tastes mighty good and it contains vitamins A and C and minerals. Eat all you want for pies and sauce and then can some for winter. If you plant real early spring, you can pull just a few stalks this season although it is best to wait until next spring. You can find room in a corner of your garden for a few plants. Don't wait, **PLANT THIS SPRING.** If seed stalks come on rhubarb, break them and plants will produce longer. **POSTPAID.**

A16 MacDonald Red—Considered the finest of all Rhubarb. Giant size stalks 18 to 24 inches long, 2 to 3 times larger than common Rhubarb, sweeter and more tender. A heavy producer. Use it all spring and most of the summer. Its red skin and white flesh makes the finest looking and best tasting Rhubarb sauce and pie you ever ate. Practically seedless, grown only from divisions. **Each, 60c.**

A17 Ruby—Red inside and out, from top to bottom. Prolific yielder but stalks are smaller than MacDonald. **Each, 60c.**

A18 Skinner's—It is a tremendous grower and producer of very large, fine-flavored stalks. Does fine in Kansas and Oklahoma where it has grown for years. Almost seedless. Grown from divisions. **Each, 40c.**

A19 Victoria—Not as red, nor as large, nor as productive as the others, but it makes good sauce and pies. Sells cheaper because it is grown from seed and all others are grown from root divisions.

ASPARAGUS

**Delicious, Tender
Fresh From
Your Own Garden**

If you or your family like Asparagus, plant some this spring. Then in just a year or two, you can commence gathering your own. It will last as long or longer than your house stands. For 6 to 8 weeks you can enjoy all you want and have some to cold pack for winter. And after you once plant it, it costs you absolutely nothing and besides that it requires no care or attention and grows almost everywhere. Of course, remember that the richer the soil, the bigger the tips and more of them.

You know that Asparagus is not only delicious but it contains vitamins A, B, and C and also minerals. Our wonderful Loess soil produces the finest Asparagus plants we have ever seen. We believe our Jumbo plants are the very finest you can get. Planting them saves a year's time. Our Heavy size is equal to many firm's number one grade. Plant Asparagus 18 to 24 inches apart each way. Planting instructions sent with every order.

**A-14 GENUINE GIANT

Healthberry

MOST PRODUCTIVE, FINEST FLAVOR

**48 Pints of Berries
From One Plant
Bears Many Weeks**

POSTPAID PRICES ON

Healthberry
Each 40c 3 for \$1.00
6 for \$1.75

The origin of the Healthberry is unknown. The strong canes grow upright and require no support. The fruit, almost coreless, has the most delicious, sweetest flavor. The canes come up stronger each year and the well rounded bush is often 5 to 6 feet or more wide.

TREMENDOUS BEARER

Just one plant has produced as much as 48 pints of berries. It bears over a period of many weeks in July and August. The bush is such a strong, healthy, vigorous grower that they must be planted 10 feet apart.

STANDS DROUGHT

During the recent dry seasons in Oklahoma when mercury was 100 or more for many days, this amazing berry just kept right on bearing. We know of no other berry that will do this. This plant can be grown East, West, South and as far North as Blackberries can be grown,

which means almost the entire United States, excepting extremely cold sections like the Dakotas, Minnesota, Northern Iowa, etc.

SWEET AND JUICY

This is the highest quality berry we have ever tasted. Sweet, juicy, delicious, no hard core. Eat it fresh, use for pies, cobbles, sauce, jelly and fruit juice. Berry is medium to large in size, a shining jet black color.

PLANT THIS SPRING

Plant for your own use and if you have room, set out some extra plants as the fruit sells on sight at good prices. Be the first in your community to grow it. This berry has been tested for several years and is the greatest new berry introduction we have ever seen.

PLANT A BED OF GLADIOLUS THIS SPRING

With their beautiful colors and blends, their tall spikes and large blooms, Gladiolus are definitely the finest of all summer flowers for cutting, lasting from mid-summer till fall if successive plants are made every 2 weeks or so.

Thousands of customers bought this collection of gorgeous Glads in 1942, many repeated in 1943, and now are writing us to offer it again for 1944. This is a handpicked collection of Gladiolus from our large stock of America's finest, some so new they probably have never been grown in your locality before.

THE NEW BERRIES**

- 3 **Indian Summer Red Raspberries**, see page 15.
- 3 **Morrison Black Raspberries**, see page 15.
- 3 **Thornless Boysenberries**, see page 10.
- 3 **Healthberries**, see page 8.

All 12 for \$2.35

POSTPAID

(\$3.20 VALUE)

The Indian Summer will produce some berries this year and all will bear next year. Last summer berries like these sold for 50c or more a pint and hard to get at that. These 12 plants will produce many quarts every year, for many years.

F15

PEACH ORCHARD

You remember last summer peaches sold almost as high as \$10.00 a bushel, and very hard to get at that. In summer 1942, they sold as high as \$5.00 a bushel. And most any year you paid 2 or 3 dollars a bushel.

Besides that, you know that shipped-in peaches never taste as good as home-grown, tree-ripened peaches. That is because a peach makes its sugar and best quality the very last thing and should not be picked until it is fully tree-ripe. So, we are making you an offer of some mighty fine small peach trees. They are 2 to 3 feet tall, nicely rooted and guaranteed to please you. They will grow right off and it will not be so many months before you will be picking ripe delicious peaches from them. We will ship them by Parcel Post prepaid right to your door or mail box. We have just 2000 Collections, first come, first served.

Here is what you get—they are all free-stone, except Mayflower is semi-free.

- 1 **Mayflower**, real early.
- 1 **Champion**, early.
- 1 **Hale Haven**, medium early.
- 1 **Early Elberta**, medium.
- 1 **J. H. Hale**, medium late.
- 1 **Sungold**, medium late.
- 1 **Elberta**, late.

ALL 7 FOR ONLY \$2.85

Ordinarily you would pay 50c to 55c each for trees like these this spring, and Sungold alone is worth 90c.

Actual
Size

SENSATIONAL NEW

Thornless **BOYSENBERRY**

**IMMENSE SIZE
DELICIOUS FLAVOR**

HEAVY BEARER—HARDY

Pictured above is the sensational New Thornless Boysenberry. We have seen them fully 2 inches long. It is a tremendous grower, every cane loaded with fruit. Its natural tendency is to trail on the ground but if trained on wires or fence, the fruit is easier to pick. You will be astonished at the amount of fruit a few plants will produce. The fruit ripens over a period of almost 2 months. You eat them fresh for weeks and can the rest. You never put in jars any fruit that tasted better. The fruit is so large, handsome, it sells on sight at good prices.

ABSOLUTELY THORNLESS

Thornless Boysenberry is the new berry sensation. You have read about the marvelous Boysenberry. Thornless Boysenberry is exactly the same BUT IT HAS NO THORNS.

BOYSENBERRY SPECIAL

2 Thornless Boysenberries
2 Nectarberries
2 Original Boysenberries

A34 All 6 for **\$1.00** Postpaid
(**\$1.55** Value)

A32 NECTARBERRY

We have fruiting in the same field Nectarberry, Thornless Boysenberry and original Boysenberry. In habits of growth and fruiting, we find the Nectarberry almost identical with the Boysenberry. Some report that it bears heavier than the Boysenberry and even better quality. It's a good berry, try a few. Heavy No. 1 Plants, Postpaid.

12 for \$3.45

FINEST FLAVOR

When you taste a ripe Thornless Boysenberry you will agree they are simply fine. You just can't describe their sweet, yet zippy, delicious flavor. You will like them fresh, with cream, or canned for sauce, jelly, jam, or in pies, tarts, shortcakes. Cooked and strained, they make the finest flavored fruit juice you ever tasted. Almost seedless, these big fat berries are a rich, very deep maroon when ripe.

BEARS YOUNG

Set the plants 8 feet apart each way, 10 feet is better if you have enough room. Plant early this spring and you may get a few sample berries this summer. But the next year and thereafter, you will harvest bumper crops. It has stood 15 below zero but in cold sections we recommend that you mulch the plants over winter with straw, wild hay or dirt.

A31 ORIGINAL BOYSENBERRY

This is the original Boysenberry which has created such a sensation over America. A tremendous bearer of immense size berries, many 1½ to 2 inches long, of the highest quality. No matter whether used fresh or canned or in pies or jelly, it is a great berry. The canes are hardy but in cold sections we advise a winter mulch. All the good qualities we mentioned about the Thornless Boysenberry applies to this except that this has thorns. Postpaid.

INTER-STATE

Grapes

BEAR EVERY YEAR • LAST A
LIFETIME • ARE GOOD FOR YOU

**A dollar's worth of Grape Vines
will produce many dollars' worth
of fruit every year, for a lifetime.**

Wholesome, healthful, appetizing. Eat them fresh, make fine Jelly, Jam, Sauce and Juice. Easy to grow, you can even plant them along the lot line or fence, 8 feet apart. We recommend and guarantee our Heavy 2-year No. 1 Vines to be the finest grown in America. They generally commence bearing next year after planting. Grape vines last a lifetime. Start with the best. Our big husky 2-year No. 1 Vines cost but little more than a cheaper, lighter vine and are far better.

A70 Concord is the most popular grape in America. Every year when August-September comes along, Concord is ready with its bumper crop of big bunches of large, blue-black grapes, tender, sweet, juicy and delicious. Every home should have some. You can find a spot to plant a vine or more. Doesn't take much room nor much work and every year you will get the wholesome, healthful, appetizing grapes.

NEW EXTRA CHOICE GRAPES

These have all fruited here at Hamburg and every one is hardy and bears heavily every year. All grapes are good but you will find these extra fine, sweeter and more delicious flavor.

A73 Caco—Great big red grapes, rich and sugary, with a luscious flavor. A tremendous grower, it bears young and heavily every year. It is our best red grape.

A74 Fredonia—This new variety RIPENS 3 WEEKS BEFORE CONCORD. Large bunches of big blue-black grapes of very high quality. A vigorous grower, hardy and very productive.

A75 Portland—The first grape to ripen, a few days before Fredonia. The fruit is large, handsome amber-white, with a most delicious, rich, spicy flavor. Vigorous, hardy and productive.

A76 Sheridan—A new large blue-black grape that ripens a week or so after Concord. We consider this the finest quality of all the blue-black grapes, very sweet and delicious.

ENJOY PLENTY FRESH FROM YOU

Did you ever stop and figure up how much you spend a year for fresh and canned fruit? How much do you pay for a few pints or quarts of Raspberries, Blackberries, Youngberries, or for a few cans of them? And sometimes you cannot get any at all. You can just as well raise them yourself. Only a few dollars will buy

enough plants to supply your family with an abundance, fresh for the table and for sauce, jams, etc. Plant some this spring. They bear young and last for many years.

ELDORADO BLACKBERRY

BLACKBERRIES

When you buy Blackberries, sometimes they taste a little sour. This is simply because they were picked before fully ripe. When fully ripened on the bush, few berries are as sweet and delicious as Blackberries. Moreover they grow most any place, even on very poor soil. Plant them in a corner of your yard and they will take care of themselves and bear every year. The fruit can be used in so many different ways.

A58 BACK YARD SPECIAL

4 Eldorado Blackberries
2 Parker Thornless Youngberries
4 Latham Red Raspberries
6 Cumberland Black Raspberries

All 16 for \$1.85

Postpaid

(\$2.50 Value)

A38 **Eldorado**—Our most popular Blackberry. The sparkling jet-black berries are large, sweet, delicious and almost coreless. Ripens over a long period and is generally the last berry of the season. Hardy, vigorous and a heavy, regular bearer.

A37 **Alfred**—A new variety which is making good. Large, shiny black berries of fine flavor, nearly coreless and seedless. Hardy and a heavy bearer. Ripens a week before Eldorado.

PARKER THORNLESS YOUNGBERRY

**It's Thornless—It's Hardy
Ripens Early—Bears Heavily
and Most Delicious Flavor**

A40 This great berry ripens two weeks before the Thornless Boysenberry. The two together make a great team. The fruit of Parker Thornless is large, almost twice as large as pictured. A handsome, dark wine-red color, sweet and deliciously flavored and almost seedless. It is very productive. In real cold sections it can be easily laid down on the ground and covered with straw or most any trash like frosted Zinnias, leaves, etc., for a winter protection.

YOUNGBERRY

A41 This fruit is very popular through the south and it can be grown much farther north. In real cold sections, it can be laid down on the ground and covered with straw, leaves, etc., for a winter protection. It may be a little trouble to do this but we assure you that when you taste the fruit you will certainly not regret it. The berries are very large, a rich ruby-red color, almost black when dead ripe. The flavor is marvelous whether eaten fresh or canned. Postpaid.

4 for 55c; 9 for \$1.00; 25 for \$2.25

PARKER THORNLESS YOUNGBERRY

OF BERRIES UR OWN GARDEN

BLACK RASPBERRIES

Most everybody agrees that there is no more delicious fruit than home-grown Black Raspberries. Eat them fresh with cream and sugar—in pies and shortcakes—for sauce and jams. They ripen between strawberries and blackberries, a little before red raspberries. Plant them 3 to 4 feet apart in the row and the rows 6 to 7 feet apart.

A51 Cumberland—For many years this has been the most popular black raspberry. A vigorous grower that produces enormous crops. The berries are large, jet black, firm, sweet, almost seedless and have a flavor that can't be beat.

A52 New Logan—This fine variety ripens a week before Cumberland. It bears heavily. Fruit is large and high quality. Hardy, drought resistant and healthy.

A50 Morrison—See page 15.

LUCRETIA DEWBERRY

A42 . This well-known trailing berry is widely planted for two good reasons. 1st—It is productive even in the poorest soil. 2nd—It has a sweet delicious flavor. The fruit is very large, 1½ inches or more long, a shiny jet black, very sweet and juicy, almost coreless. It ripens 10 days before blackberries. In cold sections we advise throwing an armful or two of straw or frosted zinnia vines over them for winter protection. Take our word for it, after they start bearing, you will want some more. Postpaid.

4 for 60c; 8 for \$1.00; 25 for \$2.35

RED RASPBERRIES

If you have never grown red raspberries, you have a treat coming. A dish of fresh, home-grown fruit is a real delight. For pies, shortcakes, sauce and jam, they are simply delicious; they have a flavor all their own. Our Latham and Indian Summer are first quality No. 1 plants that will bear some berries this summer. It takes Sodus a year to get established. You know how hard it is to buy red raspberries. Set out a few this spring. Plant them 3 to 4 feet apart in the row and the rows 6 to 7 feet apart. They do well on just ordinary soil.

A46 Sodus is the heaviest bearer of all raspberries we have ever fruited. It is a cross between a black raspberry and a red. The fruit is firm and very large, many being an inch in diameter. The color is a purple-red rather than a bright red. The plants are vigorous, healthy, hardy and extremely productive. Very fine for sauce and jams. Postpaid.

(Regular Value \$2.00)

FRESH, HOME-GROWN STRAWBERRIES. Those sweet, luscious, red berries. Do you know of anything that tastes better or is more welcome in the spring? In every garden, there is room for at least a small patch. They bear quickly and produce high yields for the small space they take. They can be grown between young fruit trees. You folks in the country and you in town who have an extra lot, can make money growing strawberries to sell to your neighbors and nearby stores. They are glad to get fresh, home-grown berries. Let your children earn some money. They can take care of a patch during spare hours.

The best time to plant strawberries is EARLY SPRING. We do not ship them in the fall. So many fall-planted strawberries winter-kill because the roots do not have time to get established before freezing weather. Due to labor shortage, strawberry plants are scarce this spring. We advise ordering early and planting early. The Giant Gem will bear this summer and fall. The other varieties will increase and next year you will have a fine bearing patch. For home use set the plants 24 inches apart each way. For larger plantings, set 18 inches apart in the row and the rows 3½ feet apart. All varieties we sell are self-pollenizing so can be planted alone. But we recommend planting several kinds so that you will have fresh fruit for several weeks.

PLANT SUMMER, FALL AND WINTER APPLES

Then you can have fresh apples almost the year 'round

Yellow Transparent

Beacon

Winesap

**Healthy, Juicy Apples—for a few cents
a bushel—when you grow them yourself**

SUMMER APPLES

F31 Anoka—Generally commences bearing next year after planting. Fruit is yellow streaked red. Ripens in August but can be used a month earlier.

F32 Beacon—The great mid-summer apple. Fruit is large, solid bright red, fine quality. Ripens in August, but can be used weeks before. Very hardy and productive. It is very much better than Duchess.

F35 Early Red Bird—The best real early red apple. It ripens a week before Yellow Transparent. Fruit is large, bright red, good quality for both eating and cooking.

F37 Yellow Transparent—The favorite early yellow apple. Ripens in July. Bears young, heavily and every year. Fruit is medium size, tender, juicy, fine flavor. Good for eating and cooking.

FALL APPLES

F42 Wealthy—The great fall apple. Ripens in September but can be used weeks earlier. Fruit is large, red striped, with tender juicy flesh of fine quality. Bears young and heavily and grows everywhere.

WINTER APPLES

F48 Grimes Golden—A favorite, large high quality yellow apple.

F49 Hawkeye Greening—This fine apple originated by the Iowa Experiment Station, is an attractive greenish-yellow, very large in size and high quality. The only apple we know that is good to eat fresh from the tree, and is just as good in late winter, even when kept in an ordinary cave or cool cellar. Over a period of more than ten years it has outborne every apple tested at Ames, Iowa. Very hardy.

F50 Joan—Originated by the Iowa Experiment Station, Joan is probably the most beautiful apple grown today. Bright red, large size, with crisp, pure white flesh. Good for eating, cooking, and baking.

F51 Jonathan—For many years this has been our most popular apple. Everybody knows and likes this fine bright red apple. Highest quality, crisp, tender and full of snap.

F52 Jonathan, Dark Red—A new strain of Jonathan which colors earlier and is a very rich, dark crimson.

F53 McIntosh, Solid Red—Beautiful red apple, snow white flesh, highest quality.

F55 Prairie Spy—Bright red apple of fine quality, long keeper. Very hardy.

F56 Red Delicious—The original Delicious originated in Iowa, planted from coast to coast for its superb quality and mild juicy flavor.

F58 Secor—Originated by Iowa Experiment Station. Very similar to Jonathan, not quite so red, but hangs on the tree much better, is larger in size and keeps longer. Good bearer. Apple experts rate this the highest quality apple in all America.

F59 Sharon—Originated by Iowa Experiment Station. This early winter apple is an attractive red, large size and wonderful flavor. Also good for cooking. A vigorous grower, even in the coldest states.

F60 Solid Red Delicious—Considered by many to be the finest red apple. It bears younger, keeps longer and the fruit colors up several weeks earlier than the common Red Delicious. The fruit is large, solid red and has a delicious flavor unequalled by any other apple.

F61 Stayman, Red—Very large red apple, fine for both eating and cooking. Especially good in January-February.

FARM HOME COLLECTION

**A Whole Orchard Costs Less
Than 2 Bushels of Apples**

These are eight of our most popular varieties, giving you fresh apples almost the year 'round, starting in early summer with Early Red Bird and ending late in the winter with Winesap.

On account of labor shortage, this spring we put in our catalog only the best and most popular varieties of fruit trees. Also we have made only 2 or 3 sizes of fruit trees. The Super Size trees have been included in the 5 to 7 ft. size. This gives you that much greater value. It helps us because by having less varieties and fewer sizes, we can fill orders more quickly.

**ALL THESE TREES GUARANTEED
TO BE SATISFACTORY**

F64 Winesap—An old favorite that belongs in every orchard, because it bears so well and the apples will keep right through winter into spring. Fruit is medium size, red, juicy, fine flavor.

F66 Yellow Delicious—Many say this is the best yellow apple. Bears young and heavily. Large, juicy, finest quality.

F67 York Imperial—Large red apple. Keeps until June. Heavy bearer, good quality.

Reproduced through
the courtesy of
Washington State
Apple Commission

CRAB APPLES

F70 Dolgo—Best of all crabs. Bears young and heavily. Fruit is bright red, makes the finest and prettiest jelly you ever tasted. The tree itself is ornamental enough to plant right in your front yard.

YELLOW DELICIOUS
A Golden Treat

F71 Whitney—Listed among the crabs but really you can eat it fresh just like an apple. Fruit is medium size, red striped, fine quality. Makes wonderful apple butter. Bears young and heavily.

SUB-ZERO APPLE COLLECTION

Every one of these Apples is very hardy and will bear heavily year after year in cold sections like Northern Iowa, Minnesota, Dakotas, etc. Fortunately they will do just as well in other states where it is not so cold.

APRICOTS

**DELICIOUS, HOME GROWN, TREE RIPENED
HARDY, HEAVY BEARER**

Ripening right after the cherries and before the early peaches, Apricots are one of the most delicious fruits, especially when picked fully ripe from your own trees. They are so easy to grow and also make a handsome shade tree, beautiful enough for lawn planting. For delectable sauce and preserves, few fruits equal Apricots. Plant 20 feet apart.

F23 Perfection—This great new Apricot is pictured to the right in natural color and actual size. The fruit is large, beautiful and delicious. It ripens evenly and is a good keeper. The flesh is firm so that even when picked tree-ripe it can be shipped. Hardy, vigorous grower and heavy bearer.

Every home, in city or country, should have some cherry trees. They require almost no care and very little room. Plant them 15 to 20 feet apart. They are self-pollinating, so can be planted alone. But remember that even trees which are self-pollinating will bear better if you plant 2 different varieties. They cross-pollinate each other and both bear more.

F79 Early Richmond (May Cherry)—The favorite early cherry, ripening about the time school is out. Certainly fine for those first, fresh cherry pies. The fruit is bright red, juicy and delicious. It is a strong grower, bears heavily every year and starts bearing young.

F81 Large Montmorency—Most popular of all cherries and best of all for canning. Bears young and bears large crops regularly. Ripens about 10 days after Early Richmond. The fruit is large, firm and fine flavor.

Large Montmorency
the great canning cherry

F77 Kansas Sweet—This cherry comes from southern Kansas and has hardly ever missed a crop. It is the **ONLY RED SWEET CHERRY** we know that will live and bear in the Middle West, and south to Texas. The fruit is large, dark red, firm, sweet with a delicious flavor. The tree itself is handsome enough to plant in your front yard—good foliage, fine shape, fragrant flowers, and the sweet fruit besides.

Please Read Carefully

This spring, on account of the labor shortage, we have left out of our catalog a good many varieties of fruits, roses, shrubs, perennials, etc. We have put in only the best and most popular kinds. We also have not made a separate grade of the Super-size trees but have included them right with the 5 to 6 ft. size, thus giving you greater value. By offering fewer varieties and less sizes we can fill more orders with less people, and so give you better service.

Early Richmond
for the first fresh cherry pie

SUNGOLD The Hardy Yellow Peach

Trade Mark

Very Large, Free-Stone, High Quality, Attractive
Sold Only by Inter-State Nurseries

The fruit of Sungold is very large, perfect free-stone, beautifully blushed. The flesh is firm, golden yellow, full of juice and the richest, sweetest flavor. Exceptionally fine quality. Very fine for canning. A commercial Peach because it colors early and is a fine shipper. Ripens several days before Elberta. A heavy, regular bearer. The tree is well-branched, stocky and short, making it easy to pick the fruit.

We could fill many pages with letters of praise about Sungold. Many of them show that it is very definitely a hardier Peach. Tests at the Iowa Experimental Station also prove this. Here is just a sample report. Mrs. W. B. Sadorus of Decatur, Illinois wrote us on August 20, 1943 that Sungold had 1½ bushels a tree, THE ONLY KIND bearing in that locality. We advise you commercial growers, in all sections, to plant a few Sungold this spring. By the time we have a sufficient supply of trees, you will want to plant many more.

Better Than Elberta and J. H. Hale

Compared to Elberta, Sungold is much larger, better colored, very much better quality and far hardier. It lives and bears where Elberta dies. Compared to J. H. Hale, it is larger, equal or better in quality, far hardier and is self-pollinating so will produce more fruit. Sungold is a superior Peach because of its Size, Beautiful Color, High Quality, Big Production and Hardiness.

POLLY Finest White Peach

INTER-STATE'S ORIGINAL STRAIN

Hardy, Delicious, Free-Stone, Heavy Bearer

The fruit is large, blushed, a perfect free-stone, ripens just before Elberta. The flesh is white, juicy but firm, the richest, most delicious flavor. All who have tasted it agree that POLLY IS THE FINEST FLAVORED PEACH THEY EVER ATE. When canned it stays firm and makes the most luscious peach sauce and preserves. Polly is not a good shipper but is best for home use and local markets. It bears young and is a heavy, regular bearer.

Polly Was Introduced by Inter-State

Polly was introduced by us in the Spring of 1934. It was originated by the Iowa Experimental Station. Thoroughly tested for many years, standing cold of 15 to 20 below zero. We could print pages of letters voluntarily written to us, praising Polly for its superb quality, heavy bearing and hardiness. Letters like this, written to us on September 26, 1943, by Mr. Harry D. Tiemann, of Madison, Wisconsin—"The Polly Peach which I bought from you 3 years ago has been a great success. This is not a peach country and it is indeed a rare occasion that a crop of peaches can be raised here. Last winter was a severe one, with lowest temperatures of 15 to 20 degrees below zero. Nevertheless the tree had 75 delicious peaches. Peaches are very juicy, sweet, tender and a beautiful color. We are more than satisfied."

Plant Polly North, South, East, West

Polly is not a Peach just for the North. It is a great Peach for other sections as well. The fruit has such a wonderful flavor and is produced so abundantly that it is an outstanding variety. Plant Polly and Sungold. Because of their vigor and hardiness, they bear when others often fail. We send you the genuine original strain.

PEACHES

**BEAR YOUNG AND HEAVILY—TASTE BEST
WHEN PICKED RIPE FROM YOUR OWN TREES**

The peaches are listed in their order of ripening. Mayflower ripens here in early July, Elberta the last of August. Peaches need but little room, easy to grow. Our Iowa-grown, budded trees are hardy and bear young. Plant them 15 to 20 feet apart.

F12 Mayflower—First to ripen yet almost frost-proof as it blooms so late. Red all over, good quality, good size. Semi-cling.

F14 Red Haven—This new variety is rapidly becoming the leading real early yellow peach. The fruit is very large, a handsome solid red like a Jonathan apple. The yellow flesh is firm, sweetly delicious, high quality. Free-stone. A hardy, vigorous grower and very productive.

F5 Champion—Free-stone. Large creamy-white with red cheek. Flesh is white, juicy, sweet and highest quality. A heavy, regular bearer. Very hardy. Excepting Sungold and Polly, this is probably the hardiest peach we grow.

F9 Hale Haven—Free-stone. This fine new peach is rapidly overtaking Elberta. A heavy producer of large, yellow peaches of high quality. Hardy.

F6 Early Elberta—Free-stone. Yellow with blush. Fruit is large, yellow flesh, firm, juicy, delicious. Hardy.

F10 J. H. Hale—Free-stone. Very large, golden yellow flushed red with fuzzless skin. Flesh is yellow, solid, tender, very high quality. On the market, it always brings a higher price. Plant with other varieties for pollinization to increase yield.

F7 Elberta—Free-stone. This grand peach fills millions of fruit jars every year.

F11 Mammoth Heath Cling—Most popular white cling. Fine for pickling.

PEACH SPECIAL

This season's peach trees are very fine. These trees will start bearing in only a year or two. You remember that last summer fresh peaches sold as high as \$7.50 per bushel and very hard to get at that. You might just as well grow your own. You know that no peach tastes as good as tree-ripened, home-grown, picked right when they are right at their peak flavor. There are millions of homes in America which have room for some peach trees. **PLANT THIS SPRING AND SOON YOU WILL BE PICKING YOUR OWN DELICIOUS FRUIT.** One tree costing less than a dollar will produce many bushels of fruit.

HAVEN

Cope's SEEDLESS PEAR

THE PEAR THAT HAS NO SEEDS, NO CORE

Patent Pending

F88 Cope's New Seedless Pear—A New Fruit Sensation. A Pear That Has No Seeds and No Core. In addition, it has everything else that you could ask for in a pear; great producer, excellent quality, size, beauty, vigor and hardiness. The fruit is large, a beautiful golden-yellow with a blush. The flesh is tender and sweet, juicy and delicious. Fine to eat fresh and ideal for canning as it has no seeds, no core.

Bears Young, Does Not Blight

The original tree began bearing when 3 years old, and at 5 years of age it produced 3 bushels of perfect fruit. The trees in the nursery row sometimes bear fruit. Other pears right next to Cope's Seedless have blighted but it has never shown any signs of blight.

A Delicious Summer Pear

It ripens about 10 days after Bartlett. It also ripens evenly, without any softening at the center. The tree is hardy, a healthy, vigorous grower. It is a self-pollenizer but all Pears even though self-pollenizing will do better if 2 trees, same variety or different, are planted near each other.

Pears DELICIOUS-EASY TO GROW
DO WELL PLANTED IN SOD—
RIGHT IN YOUR OWN YARD

To grow Pears of the highest quality, pick them just as they commence to color. Put them away in a cool, dark place to ripen. Then you will know what a delicious flavor they really have. Pears do well even on poor soil and planted right in the sod. Plant them 15 to 20 feet apart. Two trees, alike or different varieties, planted near each other so they can cross-pollenate, will both produce more heavily than if planted alone.

F90 Bartlett—The most popular of all summer Pears. Fruit is large, yellow with blush—juicy, sweet, high quality. Planted wherever pears are grown.

F92 Kieffer—This is by far the most widely planted winter pear. A healthy, hardy and vigorous grower which bears young and heavily and regularly every year. The fruit is large and fills countless jars every season. Do not let it ripen on the tree, but pick the fruit when it starts to color and let it ripen in a cool, dark place. Then it is delicious. Blight resistant.

F95 Patten—Originating in Iowa, this is a very hardy pear which can be planted in cold sections like Northern Iowa, Minnesota, etc. Ripens in August. The fruit is large, yellow with blush, juicy, sweet, luscious flavor. Bears young and regularly. Very blight resistant.

F91 Douglas—A fall pear that originated in Kansas. Bears heavily and starts bearing very young, often next year after planting. Fruit is large, yellow with blush. Considered almost blight-proof.

F96 Seckel—Called the Sugar Pear because of its sweet, delicious flavor. Fruit is not large but the highest quality. Bears young and heavily. Ripens in late summer. Blight resistant.

INTER-STATE PLUMS

BEAR YOUNG • BEAR HEAVILY • DELICIOUS

Scarcely any fruit has been improved as much in the past few years as has the plum. Bears younger and more heavily. The fruit is larger, with a wonderful flavor. We offer below the finest, outstanding varieties. Plant Plums 12 to 15 feet apart, in a group so they can cross-pollinize, thus greatly increasing the crop.

F102 Damson—Medium size blue plums of finest quality. Free-stone. A heavy annual bearer. Ripens in September. Hardy up to extreme northern Iowa.

F103 Green Gage—The sweetest eating and canning plum, it is just full of sweet, sugary flavor. Large, greenish-yellow fruit, freely produced. Free-stone. Ripens in September. It is not suited to extremely cold sections like northern Iowa.

F104 Pipestone—A new plum from Minnesota. It is so much better than Waneta and Kahinta, that we have discontinued growing them. The fruit is immense size, the largest plum we have ever grown. It has a very attractive color, red with a golden blush. The flesh is yellow, juicy and excellent quality. Fine for eating and cooking. Bears very young and heavily, ripening in August. Very hardy.

F105 Red Coat—This also comes from Minnesota and is one of our best plums for canning. It is perfectly free-stone, the stone falling right out when you cut the fruit in half. The fruit is large, longer than it is wide, a bright red color, good quality. A healthy, vigorous grower that bears young and every year. Ripens in August. Very hardy.

F106 Stanley—A new plum from New York that is rapidly becoming the most popular of all plums. Large, dark blue, prune-shaped fruits. The yellow flesh is firm, sweet and delicious flavor. Exceptionally fine both for eating fresh and canning. A very heavy and regular bearer. Ripens in early September. Free-stone. It is hardy up to central Iowa.

F107 Superior—This plum should be widely planted. The fruit is large, attractive red color and a rich sweet flavor. It bears very heavily, every year. Ripens in early August and is very hardy. Fine for both eating and canning. A good pollinizer for other plums, also.

F108 Toka—This is undoubtedly the richest flavored of all plums—a sweet, somewhat spicy and tangy flavor that is unequalled. The fruit is quite large, a beautiful apricot color with very firm, yellow flesh. Perfect free-stone. Fine for eating and canning. Ripens in August. Very hardy. It is also a good pollinizer for other plums.

F109 Wisconsin No. 25—A new plum from Wisconsin. Extremely hardy and a good producer of good-sized red plums. It is especially valuable as a pollinizer for other plums. It makes them bear better.

WHAT SIZE FRUIT TREES SHALL I BUY?

Each year many ask this question. Years ago commercial orchardists planted small size trees. Now most of them prefer the larger size trees because they come into bearing sooner. You plant a fruit tree for fruit, so the quicker it fruits, the better for you. But no matter which size you buy, you will get a good tree. Our famous Loess soil plus expert propagation, plus careful handling, these are what make Inter-State trees so good. Plant them carefully, give them the proper attention they deserve and you will be rewarded abundantly. No fruit is so good as fresh, home-grown, and tree-ripened.

Send us your order early and be sure to select Free Premiums as shown on page 3.

WISCONSIN WEeping WILLOW

Pin Oak THE MOST
MAJESTIC OF SHADE TREES
As Low As \$1.00 Each

Everybody thinks the Oak is a grand tree and always admired it. But few have planted them for two main reasons. In the first place they have sold at high prices. In the second place many people think they grow so slowly. Now we are offering the Pin Oak, the finest of all Oaks, at the price of just ordinary trees. Careful records have shown that the Pin Oak, the fastest growing of all the Oaks, actually grows almost as fast as the American Elm. It is one of the most enduring of all trees. A tree planted now will be a great pleasure to you and for generations to come. For lawn and street planting, it has no equal.

It grows in symmetrical, broadly pyramidal form and at maturity towers 60 to 80 feet high. The rich green foliage is deeply cut and colors to a glorious coppery-red in the fall. A sturdy, rugged grower, it adapts itself to all locations and is not bothered by insects or diseases. Plant Pin Oak and every year hereafter you will be thankful.

T14 SILVER BIRCH

Silver Birch (Cut Leaf Weeping Birch) is regarded as one of the most beautiful of all trees. Its bark is gleaming white, both summer and winter. The leaves are delicately cut. The main limbs grow upward and the new, slender branches hang gracefully all over the tree. It grows rapidly, several feet a year, and a single specimen or a group add that character and distinction to a lawn which we all desire. The grass will grow right up to the trunk. The white bark does not develop until a year or two after planting. In eastern Nebraska, Missouri, Iowa, Minnesota, Wisconsin, Illinois and states east, it is a superb ornamental tree. Not postpaid.

CHINESE ELM

America's Fastest Growing Shade Tree

Because of its extremely rapid growth, the Chinese Elm has become very popular. Under ordinary conditions, it grows 5 feet a year. In just a few years, it makes excellent shade. It is very valuable for those sections of America where most other trees will not live or thrive, where it is hot and dry, even in alkali. It seems to thrive even in the poorest soil. But in those sections where the Maples, Oaks and American Elm are grown, we advise planting the Chinese Elm only as a temporary tree for quick shade. There are hundreds of thousands of such homes, which would be more attractive and more comfortable if some of these quick-growing Chinese Elm were planted.

A CHINESE ELM WINDBREAK FOR EVERY FARM IN 5 YEARS

A windbreak around your home and farm buildings makes living more comfortable both summer and winter. It breaks up the dust storms and blistering hot winds and the biting cold winds of winter and drifting snows. It will take less fuel to heat your home. Your live stock and poultry will show greater production and profit.

Chinese Elm is the fastest growing, drought resistant, economical tree you can plant for a windbreak. In three years you will see a

big growth, in 5 years you would not sell it back for hundreds of dollars. These are young Chinese Elm Seedlings, especially fine for windbreak planting. They are grown in wide nursery rows—better rooted, better branched, stockier, superior in every way to those grown thickly in beds. Plant them 6 to 8 feet apart. Two rows help a lot but three rows are better.

T24 CHINESE ELM SPECIAL

FOR HEDGING—FOR WINDBREAK

150 FOR \$2.00

300 FOR \$3.65

Fine 12 to 24 inch Plants. Postpaid

For a trimmed hedge 3 to 4 feet tall or for a screen up to 10 feet or more tall, nothing can give you results as quickly as the Chinese Elm. This is our most popular and economical plant for hedging now. Trim it to suit yourself, any time in the year; you cannot hurt it. The more you trim it, the better and thicker it gets. And you get a good hedge in months instead of years. For hedging, plant 1 foot apart.

For windbreaks, particularly in those sections where so few trees will live and thrive, the Chinese Elm is certainly a great blessing. Plant this spring and in a few years you wouldn't part with them for many times what you paid for them. Every day, summer and winter, they add to your comfort and make you money by their protection. For windbreaks plant 6 to 8 feet apart and plant several rows, zig-zag fashion.

FOR QUICKER EFFECT

Plant These Root-Pruned

2-Year Chinese Elm

T22 We have a fine block of 2-year Chinese Elm Seedlings. These have been grown in wide rows and root-pruned which means a better root system. If you want a windbreak in a hurry, plant these. Also if you want to plant quite a lot of Chinese Elm Trees and hesitate about paying the higher price for the transplanted trees above, then these will do very well for you. The price is so low you can afford to make liberal plantings around your home and buildings, giving shade in summer and protection from the hot winds of summer and cold blasts of winter.

EVERGREENS

FOR PERMANENT BEAUTY

Evergreens are attractive both summer and winter. Out of many kinds, we selected these five because of their beauty and ease to grow, from coast to coast. They are bushy, transplanted trees, grown in wide nursery rows, far better than stock from beds. Plant the low-growing types like Pfitzer and Blue Junipers besides the entrance steps, in front of porch or home. Moonbeam has amazingly beautiful emerald-green foliage that is a beauty

spot in any planting. If not trimmed, it makes a very compact, oval-shaped tree, 5 feet tall and 3 to 4 feet wide. Virginiana Juniper, if not trimmed, makes quite a large tree. But it can be trimmed to any desired height and width. We think that Fastigiata Juniper is the best of the narrow, tall-growing evergreens. It makes a fine specimen, hardly 2 feet wide and 6 to 8 feet tall. It never has to be trimmed. The color is a lovely, shining blue-green.

E3 MOONBEAM, Arbor Vitae

Makes a compact, oval-shaped plant with handsome emerald-green foliage. Thrives perfectly in the south, east and central west as far north as Minnesota. Will grow 5 feet tall and 3 to 4 feet wide but can be trimmed to any desired height and width. Postpaid.

15 to 18 inches.....	Each \$1.25
18 to 24 inches.....	Each 1.75

E4 FASTIGIATA, Juniper

Ideal for places where you want a narrow, upright evergreen. It grows scarcely 2 feet wide and 6 to 8 feet tall. The foliage is very dense, a very attractive silvery, blue-green. This evergreen never has to be trimmed and always remains narrow. Postpaid.

18 inches.....	Each \$1.45, 2 for \$2.75
24 inches.....	Each 1.85, 2 for 3.65

E5 VIRGINIANA, Juniper

Very easy to grow and succeeds everywhere. It makes a tall, symmetrical tree with dark green foliage which colors bronze in the winter. It can be trimmed to any desired height and width. The more you trim it, the more dense and full it becomes. Postpaid.

SUGAR MAPLE

T5 PURPLE MAPLE (Schwedler's)

This, one of America's finest trees, is beautiful in spring, summer, and fall. In spring, the foliage is a rich, reddish-purple; in summer, it is bronzy green and in fall, golden yellow. Not so fast growing as the Elms, yet the growth is so symmetrical and perfect that even a young tree has a commanding appearance. Valuable as a lawn specimen and fine for parking planting.

 5 to 6 feet, Not Postpaid, **Each 2.00**
 6 to 8 feet, Not Postpaid, **Each 2.50**

T6 SUGAR MAPLE

Grown and loved from the Atlantic to the Pacific, this grand tree has no superior for lawn and street planting. Even the smaller, younger trees are attractive because their growth is so perfect. In the fall when the leaves turn golden, orange and scarlet, they are one of nature's most beautiful sights. Living for a hundred years and more, they stand for permanence. Many homes are identified by huge Sugar Maples in their yards.

WHITE BIRCH

T8 White Birch in a new rare form, grown as a clump with three distinct trunks. It is the same as 3 trees with one root. It gives a naturalistic effect that is peculiarly attractive in the White Birch. After the tree has been planted for a year or two, the bark turns white and stays that way, summer and winter. It grows 25 to 30 feet tall. You can easily imagine how beautiful it will look in your yard. This year, we have only one thousand of these trees.

BLUE JUNIPER

E1 Blue Juniper, a new evergreen that we consider the most outstanding variety introduced in the last 25 years. It is low growing like the Pfitzer's but the foliage has a beautiful silvery blue color that is impossible to reproduce on paper. The color is the brightest on the new growth and darkens somewhat on the inside. It is one of the few evergreens which will thrive over the entire United States, in the south as well as the north, east and west. Ideal for corners, for foundations, beside the walk, near the porch, any place you want a low growing Evergreen. It eventually reaches a height of 4 feet, and 6 to 8 feet wide. Postpaid.

15 to 18 inches across, **Each \$2.00, 2 for \$3.50**
 18 to 24 inches across, **Each 2.25, 2 for 4.00**

Flowering Hopa Tree

Flowering Hopa Tree

T1 Our finest flowering ornamental, low-growing tree: beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring it is simply covered with the fragrant, bright pink flowers. From mid-summer until severe freezing, the clusters of small, red fruit gleam brightly along the branches. This fruit makes very fine jelly also. In the spring the foliage is a rich maroon. Perfectly hardy, easy to grow, thriving even on the poorest soil.

INTER-STATE'S EVERBLOOMING *Summer King* HONEYSUCKLE

While described on page 37 among the vines, this picture shows how it can also be grown as a shrub. You simply keep trimming off the tips of the new branches and gradually the plant will become a rounded bush. No shrub

blooms as freely and constantly, from early summer to frost, as does Summer King. The flowers are rosy-flame with a golden center. The blue-green foliage is very attractive. Easy to grow, in every state. Postpaid.

4 GLORIOUS NEW EVERBLOOMING

Summer Lilacs

Four new Buddleias, each the finest of its color, and all blooming profusely and continuously from early summer to frost. No other shrub can compare with them for freedom of bloom. They make a compact bush, 4 feet or so tall. The roots are hardy, the tops die down in winter, then come up again even more vigorously in the spring.

The lovely, fragrant flowers are beautiful in the garden and are fine for cutting. There is nothing in our nursery that we like better than these. We invite you to plant some and if you do not like them, you can select from our catalog anything you wish of the same value.

S17—SUMMER LILAC SPECIAL

1 Royal Red
1 Empire Blue **ALL 3 FOR \$2.00**
1 White Bouquet **Postpaid**

Royal Red

White Bouquet

Empire Blue

S14 Royal Red (Patent No. 556)—By far the best red Buddleia. But the color is a very rich, glowing ruby-red and not as cherry-red as pictured. The throat of each single flower is lighted with gold. There is no finer nor more attractive flower in our entire nursery. Postpaid. **Each 75c.**

S11 Empire Blue (Patent No. 557)—The color is a charming aster-blue with a delicate lilac tone, the whole effect being an exquisite shade of blue. No other blue Buddleia can compare with this. Postpaid. **Each 75c.**

S15 White Bouquet (Patent No. 536)—The glistening white spikes add a new color to this lovely family. Attractive in the garden, giving you quantities of fragrant cut flowers. Postpaid. **Each 75c.**

S12 Purple Glory (Patent applied for)—Not pictured but we assure you this is a wonderful flower, almost a true Royal Purple, a color very rare in nature. Strikingly beautiful in the garden and simply stunning as a cut flower. Postpaid. **Each 75c.**

S18 1 Each of All 4 Colors for \$2.50 Postpaid

Regal Brilliant Azalea Mollis

KING OF SHRUBS

EACH 75c

S3 This is a selected strain with larger flowers of brilliant colors, vivid orange, flame, salmon and gold that completely cover the bush in May and June. Grows 3 to 4 feet tall and just as wide. Thrives in sun or partial shade and will stand 10 below zero without injury. A mulch of Peat Moss or leaves is beneficial. In shrub borders, in foundation plantings, it adds a touch of color that no other shrub can give. Even the young plants we send you WILL BLOOM THIS SEASON. Postpaid. **Each 75c.**

BLUE HYDRANGEA

S55 A new variety that is superior to the older kinds. Immense heads of glorious blue flowers. Should be planted in almost full shade. In northern states give it some winter protection. It likes a slightly acid soil so if your soil is not acid, mix some Peat Moss with it (see Page 78). This lovely shrub is worth a little extra attention. Postpaid.

Strong 2-Year Plants... **Each \$1.50**
Medium 2-Year Plants... **Each 1.00**

CRAPE MYRTLE

**BLOOMS CONTINUOUSLY,
MIDSUMMER TO FROST**

Crape Myrtle, the South's most beautiful shrub, can now be grown farther north. We have secured a strain which is hardier. In northern states, grow it just like Everblooming Roses, giving winter protection by mounding up dirt before cold weather comes. In the spring, uncover. It blooms on new growth, so it does not matter if the old top is entirely killed. We have priced them reasonably so all can enjoy this beautiful shrub. **WILL BLOOM THIS SEASON.** Postpaid.

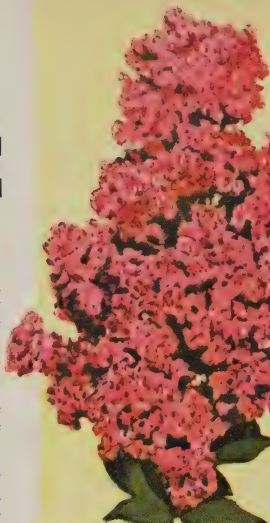

S26 Hardy Pink—A charming, delightful apple-blossom pink.

S27 Hardy Purple—A beautiful purple with soft crepe-like texture.

S28 Hardy Red—A glowing carmine-red that blends harmoniously with the others.

S29 Snow White—A warm pure white. Not quite as hardy as the others.

S30 Wm. Toovey—This is a few shades brighter than Hardy Red. Many think it the most beautiful red-blooming shrub. Not quite as hardy as the others.

SHRUBS For Grace

SPIREA VAN HOUTTE (Bridal Wreath) →

S139 This grand shrub has done more to beautify the homes of America than any other. It is the most popular and most widely planted because it has made good everywhere. In the spring it is a solid bank of white. You can use it in so many places—fine for foundation planting, along the walks and driveway, makes a perfect flowering hedge, excellent for a medium height screen. Grows 5 to 6 feet tall and thrives in sun or part shade. These are fine plants that are sure to please you. Postpaid.

←\$2 **Pink Almond**—The picture does not do justice to this lovely shrub. It is one of the very earliest to bloom in the spring, bursting into flower even before its leaves appear. The charming pink blooms are perfect, resembling small roses and completely cover every branch, every twig, from top to bottom. It makes a shapely bush 3 to 4 feet tall and just as wide. It will grow in every state in the entire United States. Our plants are on their own root, the finest we ever saw. Postpaid.

18 to 24 inches, **Each 50c**; 2 to 3 feet, **Each 65c**.

HEDGES

PROTECTION—PRIVACY—BEAUTY

A living hedge adds much to the appearance of a home. Like a picture frame, it "sets-off" the house, making it a home with an individuality and not just another house in the block. Also it keeps off trespassers. Our plants are grown especially for hedging, are hardy, branched, well-rooted. Choose the one that suits your purpose best. Chinese Elm is the most popular. Spirea Van Houtte is ideal for a flowering hedge, 5 to 6 feet tall. Green Leaf Barberry is very popular for a dense, thick, low-growing hedge. It will stop "cutting-across-corners." Russian Amoor Privet makes a fine trimmed hedge. With each order we send planting instructions, showing you exactly how to plant to make the best hedge.

RUSSIAN AMOOR PRIVET

H2 You can see how attractive this trimmed hedge makes this yard look. It not only adds beauty, it protects your yard, especially if you have a corner lot. It can be trimmed to any desired height, making a dense, thick hedge. You need trim it only 2 or 3 times during the summer. But if you trim it more often, it will become even more dense and bushy. This is the hardiest of all the privets, standing 20 below zero without injury. The leaves are a glossy, rich dark green and hang on until very late fall. Our well-rooted plants will give you a better and quicker hedge. This is America's great trimmed hardy hedge. Plant 1 foot apart.

CHINESE ELM—The Fastest-Growing Hedge in America

Attractive-Economical-Grows Everywhere

H1 We know of no other plant that will produce a permanent hedge as quickly as Chinese Elm. Grows so rapidly that it will make a hedge in just a few months after planting.

Planted in every state. It stands cold, heat and drouth. Succeeds in places where some other hedges fail. It can be trimmed to make a medium height hedge, 3 to 4 feet tall.

The more you trim it, the more dense and compact it becomes. Or you can let it grow taller, making a perfect screen, 6, 8, 10 feet or taller, trimming it at whatever height you want. It will screen unsightly places in just a few months. Plant 1 foot apart. These plants are selected especially for hedge planting.

Vines ADD CHARM TO YOUR HOME

Vines create beauty, softening harsh, barren lines. The expense is small and they last a lifetime. Take a good look around your place and see what vines you need. For walls, porch, pergola, trellis, to cover banks or cave, to screen unattractive views, to trail over a fence. Vines often provide just the finishing touch you need.

← **V17 Silver Lace Vine**, the Fastest Growing Hardy Vine. The picture shows what a charming Pergola a few Silver Lace Vines can make. A hot, sunny porch can be made cool and inviting. The Silver Lace Vine often grows 10 to 12 feet the very first season. From midsummer to late fall it is completely covered with thousands of small, white flowers. The foliage is glossy green. Easy to grow, it is ideal for porch, pergola, trailing over a fence, stumps and banks. Not bothered by insects or diseases. Our heavy field-grown plants **WILL GIVE YOU SHADE AND FLOWERS THIS SUMMER.** Postpaid.

Each, 60c; 2 for \$1.00.

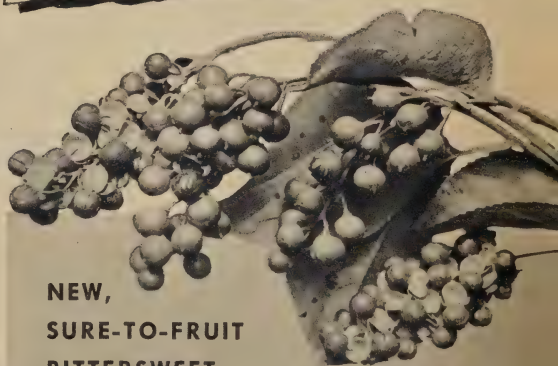

V18 Boston Ivy—The picture above shows how closely this vine clings to the walls, without support of any kind. The foliage is a rich, deep green which turns to shades of yellow, orange and scarlet in the fall. This is by far the most popular clinging vine. Grows in sun or shade, although in hot states it does best on the north or east sides. Plant 6 feet apart along a wall. Rather slow to start, then grows rapidly. Postpaid. **Each 50c.**

V20

SILVER LACE SPECIAL

- 1 Silver Lace Vine
- 1 Bittersweet
- 1 Summer King (page 37)

ALL 3 FOR \$1.75 POSTPAID

**NEW,
SURE-TO-FRUIT
BITTERSWEET**

V19 The ordinary Bittersweet often fails to fruit. Here is one that always fruits. Even one vine planted alone will bear fruit but if you plant 2 or 3 close together so they can cross-pollinize, then all will bear a great deal more. Grows rapidly in any kind of soil, in sun or partial shade. Blooms in June followed by the clusters of attractive orange-red berries. Showy in the garden and for winter bouquets. Postpaid.

Each 85c; 2 for \$1.50.

CLEMATIS

Clematis are the most colorful and many people think them the most beautiful of all flowering vines. On a porch, pergola, trellis or fence, they are truly a gorgeous sight, purple, red or white. A location shaded from the hot afternoon sun is ideal. There is a big difference in Clematis plants. Ours are the finest 2 Year No. 1 plants grown in this country. They will BLOOM THIS SUMMER. Postpaid.

V2 Henryi—A chastely pure white flower of unrivaled charm. Immense size, often 7 inches across, and produced all summer. **Each \$1.00.**

V3 Jackmani—When you see this plant, covered with hundreds of purple blooms, you will know why it is called the Queen of all Vines. The flowers are much larger than pictured. They are 4 to 6 inches across and produced freely all summer well into fall. **Each \$1.00.**

V4 Mme. Ed. Andre—This is the most popular red Clematis. Its striking, velvety red flowers are produced profusely. **Each \$1.00.**

V9 SUMMER KING →

From June until freezing, this magnificent plant is covered with showy clusters of large, fragrant flowers, rose-flame outside and gold inside. The attractive foliage, a rich blue-green, makes a perfect back-ground for the brilliant flowers. Hardy, healthy, easy-to-grow, it thrives North, South, East and West, in full sun or partial shade. It can be used in so many places—porch, pergola, fence, fine for covering bank or cave, and especially beautiful for a trellis. **OUR BIG 2-YEAR PLANTS WILL BLOOM THIS SUMMER. Postpaid.**

Heavy 2-Year Plants

Each 60c 2 for \$1.00

V14 PINK WISTERIA

A new rare Wisteria with exquisite pink flowers that are more lovely than our picture shows. A profuse bloomer and our grafted plants generally bloom next year after planting. Perfectly hardy, easy to grow. For a charming color effect, plant both the Pink and Purple Wisterias. Pink Wisteria ordinarily sells for \$1.50 each. Postpaid. 2-Year Plants only **75c Each.**

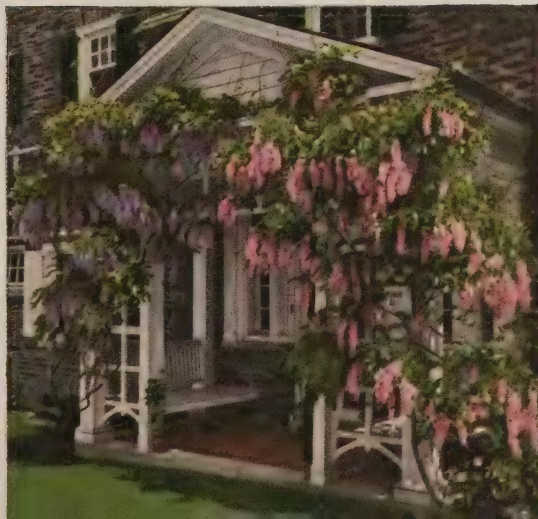

V15 PURPLE WISTERIA

A magnificent vine, becoming more beautiful each year and lasting for generations. Our stock is grafted and grown in a special manner to induce its blooming early. Sometimes they even bloom the same year planted and always the next year. The flowers are fragrant and come in clusters in May-June. The color is lilac-purple, far superior to the lavender color of the common Wisteria. 2-Year Plants, **Each 60c.**

V16 WISTERIA SPECIAL

1 Pink and 1 Purple

BOTH FOR \$1.25 POSTPAID

BLEEDING HEART

P58 This old favorite is becoming very popular. It grows 2 feet tall, thrives in partially shaded places, but will grow in the sun. Attractive foliage and graceful heart-shaped pink flowers in April-May. Postpaid.

Each 55c, 2 for \$1.00

LILIES OF THE VALLEY

P193 Everybody loves these delightfully fragrant white flowers. Yet it is surprising how few people have them. Nothing is easier to grow, in sun or full shade. We send you clumps of 5 Pips which will bloom this season and increase in beauty each year. Postpaid.

Each 30c, 4 for \$1.00

FANCY LEAVED CALADIUM

P59 For summer display, no other foliage plant equals these. They thrive in partial shade. You dig them up in the fall and store over winter like Cannas. Or you can pot them for winter house plants. Postpaid.

Each 40c, 3 for \$1.00

Flowers FOR THAT *Shady Spot!*

SHADY SPOT SPECIAL

You can find plenty of shady places to plant these 6 Pictured Plants. Postpaid.

Each 30c, 4 for \$1.00

MOTHER'S

Rose Garden

These pictures are made from direct color photographs (Kodachromes) of blossoms from the 2-year-old field grown plants used in filling your orders.

Mothers enjoy flowers—and none more than roses, which bloom from spring till fall. This collection will bring happiness to mothers all over America. Each rose is hardy, vigorous, fragrant, and **EXCEPTIONALLY FREE BLOOMING**. Each will begin blooming 8 weeks or less after planting.

Send Mother one of these fine gifts this spring. Keep her reminded of your affection. This Collection will provide her with roses for cutting, for friends sick and well, and for a Sunday bouquet for Church. Completely described on Pages 46–47. Just send us her name and address, and we will ship the roses, postpaid, directly to her. You will probably want a collection also for your own garden.

1. Mrs. P. S. DuPont, beautiful rich yellow.
2. McGredy's Scarlet, luminous carmine-red.
3. Mme. Jules Bouche, free-est blooming white.
4. Editor McFarland, glowing clear pink.
5. Condesa De Sastago, the finest red and gold.

Patented Roses

The reproductions on these two pages are from actual color photographs (Kodachromes) of blossoms picked from the 2-year-old field-grown plants which will be used in filling your orders.

C15 Mme. Chiang Kai-shek (Patent applied for)—All roses are beautiful, but here is one so exquisite that mere words cannot describe it nor any picture do it justice. Superb pointed buds of soft yellow and as the petals gracefully unfold, the outer petals become a rich ivory, with the center a clear canary-yellow. A full, double rose with 35 petals, freely produced on fine stems for cutting. It has a subtle fragrance that enchants you. One of the world's great roses named in honor of one of the world's greatest ladies. It is an All-America Rose Award winner for 1944. Postpaid. **Each \$2.00.**

C14 Heart's Desire (Patent No. 501)—If we could have but one rose, this would be it. It is an All-America winner and destined to become one of the greatest roses of all time. The buds are absolutely perfect and they open into large, graceful, double flowers on long stems, fine for cutting. The color is a bright yet soft crimson-scarlet that does not fade. So fragrant that just a small bouquet perfumes a room. A healthy, hardy, vigorous grower that improves with age. It blooms freely the first year, and the second and third seasons you will be astonished. Postpaid. **Each \$1.50.**

C12 Douglas MacArthur (Patent applied for)—A new rose that asks no favors and requires no coddling. Hardy, vigorous with dark green, healthy foliage, it produces its lovely flowers all through the season. The long buds open slowly into glorious flowers of fine proportion. The color is an exquisite blend of rich pink, gold and delicate salmon. Truly a flower of regal beauty. Postpaid. **Each \$1.50, 3 for \$3.75.**

C11 Crimson Glory (Patent No. 105)—A deep crimson with a velvety sheen. Acknowledged to be the finest dark red rose. The flowers are perfect, exquisite buds opening into large, magnificent blooms, very fragrant. The plant makes a strong, rather spreading bush. Hardy, healthy, producing the beautiful flowers from early summer to frost. Lovely in the garden and exceptional for cutting. Postpaid. **Each \$1.25.**

C16 Pearl Harbor (Patent applied for)—For many years Pink Radiance has been the largest selling pink rose in America. Here is a rose that has all the robust health and vigor of Pink Radiance and produces a better bloom. The flowers are larger, more double, a better bud, also better when open. The color is also richer, a lovely light pink inside and bright pink outside. A free, continuous bloomer. In addition, it has almost no thorns, a feature you will like. Postpaid. **Each \$1.50, 3 for \$3.75.**

C10 Charlotte Armstrong (Patent No. 455)—We do not have room to picture this fine rose, an All-America winner in 1941. Long stream-lined buds open into amazingly beautiful blooms of rich, sparkling cerise. Free-bloomer. Postpaid. **Each \$1.25, 3 for \$3.15.**

These are genuine Inter-State Everblooming Roses, smaller plants of the same fine varieties as pictured and described on the other rose pages. But in this Color Special, instead of buying them by name, you buy them by color, AT A SPECIAL LOW PRICE. Often, in this special we include roses worth \$1.00 or more each, because we have a surplus of them.

Glorious Floribundas

BLOOM JUNE TO FROST, REMARKABLY HARDY

C90 Else Poulsen—A magnificent rose with great clusters of apple-blossom pink flowers. As a hedge, in the border or a solid bed, it is one of the finest of all roses. Hardy, permanent, always in bloom. Grows 24 to 30 inches tall.

C91 Gruss an Aachen—Buds orange-pink, open into double flowers of exquisite orchid-pink. Always in bloom. Makes a rather spreading bush about 15 inches tall. Does fine in partial shade.

C92 Improved Lafayette—If you are not delighted with this rose, we will give you another free. Its cheerful, cherry-red flowers are produced lavishly from late spring to frost, the most profuse blooming rose we know. Grows 24 to 30 inches tall.

C93 Orange Triumph—This new rose makes a compact, bushy plant, 24 inches tall. Great clusters of semi-double flowers throughout the entire season. The color is sparkling orange, toned salmon and red.

ELSE POULSEN, it blooms constantly.

EVERBLOOMING BABY ROSES

Bloom all Summer, Hardy, Easy to Grow

C96 Chatillon—The finest low-growing pink, with enormous heads of vivid pink flowers all through the season. You will want more after you see it bloom.

C97 Gloria Mundi—Huge clusters of brilliant orange-scarlet flowers, extremely double, cover the bush plant all season. Grows only 18 inches tall. This variety will be a bright spot in your garden.

C98 Sparkler—The popular low-growing red baby rose. It is always full of bright crimson flowers. A solid bed or border is a constant delight.

C99 White Baby—The lovely double white blooms are produced freely throughout the season. Widely used for cemetery planting or any place you want a low-growing plant with white flowers all summer.

FLORIBUNDAS

Floribundas are ideal for planting in groups, in beds or borders. They are rugged, vigorous, disease-resistant, easy to grow anywhere. Bloom profusely all summer long. The flowers make excellent, long-lasting bouquets. Plant 15 to 18 inches apart.

INTER-STATE'S EVERBLOOMING ROSES

America's Finest

All flowers are beautiful but the Rose is rightfully called the Queen of All Flowers. None other can equal its fragrance, its colorful beauty, its grace, its freedom of bloom from spring to frost—each flower bringing its message of joy, cheer, beauty and love. Each year many thousands buy from this fascinating selection of glorious, hardy, everblooming roses. They will commence blooming 7 to 8 weeks after planting. PLANT ROSES EARLY, around the time when people are putting in their early garden. The sooner you plant, the sooner they commence blooming. Plant 15 to 20 inches apart. With each order we send Planting Instructions telling you how to plant and care for your roses, summer and winter.

We offer TWO SIZES of rose plants. All are strictly first quality, hardy, field-grown budded plants. Our 2 Year No. 1 Selected Plants are those which have made Inter-State roses famous all over America. They are big and husky, the finest grown. On account of the labor shortage, we are not making a separate grade of the Super Size roses but are including them right with the Selected 2-Year No. 1 grade, thus giving you more value. The 2 Year Standard Plants are smaller. This is the size used by most firms who describe their roses as being 2 Year field-grown. In fact, we believe that you will find our plants to be better. They are a great value at our lower price for they are genuine Inter-State roses and will bloom this summer.

(Soil Soaker, ideal for watering roses. See page 78)

The Greatest Rose GUARANTEE Ever Made

We believe that Inter-State Roses are the finest grown. When you receive them, if you do not entirely agree with us, if you are not entirely satisfied, write us and we will refund the entire amount you paid for them, BUT YOU KEEP THE ROSES. If our roses are not as good as we claim, we will give them to you free. Inter-State's high quality plants produce more and better blooms.

C20 Caledonia—Exquisite long buds of Ivory changing to purest white.

C21 Condesa de Sagtogo—A new, marvelously colored rose with large, fragrant flowers of fiery copper-red inside and rich yellow outside. Fragrant. Large, glossy dark green foliage. Free-bloomer. Strong, healthy, vigorous grower. Pictured on page 39.

C22 Christopher Stone—A most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely long pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free-bloomer. Stands lots of heat. Generally considered the best bright red rose. A solid bud is a glorious sight all season. Pictured on page 40.

C23 Contrast—A strikingly beautiful two-tone rose, the inside of the petal is

cerise-rose with a brightening touch of orange, and the outside is satiny white. The flowers are very full and double, fragrant and produced in enormous quantities throughout the entire season. Extra fine in the garden and unsurpassed for cutting with their long stems. It is such a strong, husky, vigorous grower, healthy and hardy. A great rose for everybody—a rose that "can take it." Pictured on page 40.

C25 Duquesa de Penaranda—Beautiful buds on long stems open into large, double fragrant blooms of attractive apricot. Good grower and free bloomer. Pictured on page 41.

C26 Edith Nellie Perkins—One of the finest of all roses. The long, pointed buds come on long stems and open into perfect flowers of orange-cerise and salmon tinged gold inside. Fragrant. Grows vigorously and blooms freely.

C27 Editor McFarland—All through the season the lovely fragrant, glowing pink flowers are produced singly on long, strong stems, fine for cutting. The buds are perfect. We consider this one of the finest pink roses ever introduced. Pictured on page 39.

C28 E. G. Hill—This choice red rose produces its beautiful deep crimson flowers constantly. Very fragrant and long lasting. Especially fine in hot sections.

C30 Etoile de Hollande—Turn to page 40 and you will see why this is considered one of the greatest of all red roses. Its fragrant, perfect flowers of velvety scarlet-crimson are freely produced on long stems.

C35 Glowing Carmine—Large, fully double fragrant flowers of the most beautiful shade of rich carmine. Freely produced on long, strong stems. Long-lasting. Healthy, vigorous grower. One of America's finest roses. Pictured on page 41.

C36 Golden Dawn—This lovely rose has taken the entire world by storm. The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of sunflower yellow. Hardy, vigorous, free-blooming.

C37 Golden Rapture—Exceedingly fine new rose, is fragrant, flowers of clear golden yellow. Exquisite buds on long stems, fine for cutting as they last so long. A robust grower, it produces its fine flowers all through the season. Pictured on page 41.

C38 Gruss an Teplitz—It is never without bloom all season. The flowers are fragrant and such an intense scarlet. Very hardy.

C41 Hinrich Gaede—Its brilliant blooms are the first to catch your eye—bright vermilion flushed orange. Flowers are fragrant, large, double and freely produced. A grand colorful rose.

C44 K. A. Victoria—Absolutely perfect, fragrant flowers of Ivory-white. An old favorite that even today has not been surpassed.

C46 Margaret McGredy—At first the color is a bright orange-scarlet that lightens to a rich carmine and is beautiful at all times. Very fragrant. A thrifty, vigorous grower that is always in bloom.

C47 McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Buds are long pointed, opening into very large, double flowers. Many consider it the finest white rose. Pictured on page 41.

C48 McGredy's Scarlet—A wonderful rose, beautiful in the garden and fine for cutting. The large, perfect flowers of luminous carmine-red are produced generously from spring until frost. Should be in every rose garden. Pictured on page 39.

C49 McGredy's Yellow—This new rose is our favorite yellow. The color is so soft and clear and pure. The flower has a charm and grace all its own and entirely distinct. A strong grower and free bloomer. Pictured on page 40.

C51 Mme. Joseph Perraud—This outstanding rose is pictured on page 40. A wonderful exhibition and garden rose. The long slender buds open into fragrant full flowers of nasturtium buff flushed orange. Very vigorous. Large, glossy foliage.

C52 Mme. Jules Bouche—Considered the finest white garden rose. The sweetly scented blooms are produced very freely all season and last a long time when cut. Fine buds. Pictured on page 39.

C54 Mrs. E. P. Thom—A grand rose of unfading, clear yellow. Strong growing and free-blooming, it has made good all over America.

C55 Mrs. P. S. Dupont—From early summer until early freezing this rose is a glorious sight with its rich yellow flowers. Long pointed buds, fragrant, profuse bloomer. It was the favorite yellow rose in our World's Fair Rose Garden in Chicago. Pictured on page 39.

C56 Mrs. Sam McGredy—A remarkable new rose. Pointed buds open into beautiful fragrant flowers of apricot suffused gold. It is vigorous, hardy, free-blooming and does well everywhere.

C60 Pink Dawn—A new rose that is fine for both garden and cutting. The buds are lovely, and open into large, fully double flowers of clear, purest pink, extremely fragrant. A vigorous grower, hardy and free blooming.

C62 Poinsettia—This vigorous rose, so appropriately named, brings to you the brilliance, the glowing red color of the Christmas poinsettia. Long pointed buds, ideally formed, fine for cutting. Free-bloomer.

C64 Pres. Hoover—A glorious combination of cerise-toned orange, scarlet and yellow. Recognized as one of America's best roses. Richly perfumed, long-stemmed and free-blooming. Very vigorous bloomer.

BEGINNER'S COLLECTION

You who think you cannot grow roses or who have had poor success in the past, should plant these. They will live and bloom, year after year, with but little care and attention. They are all free blooming, hardy, healthy and vigorous. All Postpaid.

C66 Radiance, Pink—The great American pink rose, planted everywhere because it has made good everywhere. The fragrant flowers are produced abundantly all season.

C67 Radiance, Red—This is America's great red rose. Vigorous grower, hardy, healthy, free-blooming, with a true rose fragrance.

C68 Red Hoover—This rose has the qualities that make a great rose, its flowers open a bright scarlet changing to a warm glowing rosy-red, beautiful at all times. Particularly fine in the middle west.

C72 Sister Therese—Long, pointed buds unfold into rich, daffodil-yellow that holds its color. Free-bloomer, fragrant.

C75 Talisman—A glorious combination of orange-yellow and rose-red. The buds are long pointed, flower is double, high-centered. The fragrant flowers are freely produced all season and are especially fine for cutting as they come on long stems. The late fall bloom is exceptionally gorgeous.

C77 The Doctor—This is considered by many to be the most beautifully colored of all pink roses. Mr. Fred Howard, the greatest living American rose hybridizer, considers it to be one of his greatest achievements. The long, pointed buds open into simply enormous, yet graceful blooms, so fragrant that you can detect them many yards away. It is a pink with a life, and iridescence, a sheen that is beyond description. Each flower is so perfect, so gorgeous, that you will consider it almost priceless. Many rose lovers think it is the most beautiful of all pink roses. Pictured on page 41.

DAD'S ROSE COLLECTION

We have so many fine varieties that we cannot include all of them in our Gold Medal and Mother's Rose Collections. Every one of the six roses below are good enough to go in the finest of collections. Beautiful colors, fragrant, free-blooming, vigorous growers. Lovely in the garden and fine for cutting.

- 1 Edith Nellie Perkins, salmon-pink.
- 1 E. G. Hill, deep crimson.
- 1 Hinrich Gaede, vermilion.
- 1 Mrs. Sam McGredy, apricot and gold.
- 1 Pres. Hoover, peach.
- 1 Mrs. E. P. Thom, clear yellow.

C113 All 6 for \$2.85 2 Year Standard Plants

NEW DAWN—Blooms All Summer

EVERBLOOMING CLIMBING ROSES

C150 Climbing Dainty Bess—This is one of the favorites of Dr. McFarland, the best known and most respected rose authority in the world. It is not a rampant climber, but makes an ideal pillar rose. The single flowers are an exquisite pink, with broad fluted petals and the center is illuminated with a cluster of ruby-red stamens. It blooms freely from late spring to frosts. **Each 75c.**

C151 Climbing Talisman—This is a climbing form of the famous Talisman rose. Produces great quantities of the same, brilliant, fragrant, roses. This is the most popular of the Climbing Hybrid Tea roses. **Each 75c.**

C152 New Dawn (Patent No. 1)—This is not only the first Everblooming Climbing Rose, but is also the first plant that was issued a patent. Although there have been other Everblooming roses since New Dawn was first found, yet even today it stands supreme for continuous blooming. No other climber will produce as many flowers constantly from late spring to frosts. The flowers are large, a lovely apple-blossom pink, delightfully fragrant. They come on long stems, ideal for cutting. The foliage itself is attractive, a rich, dark glossy-green. It is hardy. If you have room for only one climber, we suggest New Dawn. Any day in the summer, you can go out and find flowers. **Each \$1.50.**

C153 Reveil Dijonnais—Not a real everbloomer, it blooms very heavily in the spring over a long season and repeats lightly through the summer and fall. The flowers are very large, many 5 inches across, and fragrant. The top part of each petal is bright cerise-red and the bottom part is bright yellow, an amazingly brilliant flower and produced in great masses. The foliage is thick, glossy and tinged with bronze. **Each 75c.**

C159 **EVERBLOOMING COLLECTION**

- 1 Climbing Dainty Bess
- 1 Climbing Talisman
- 1 Reveil Dijonnais

All 3 for \$1.95

Flower from early spring until frost.

INTER-STATE

Climbing Roses

For a mass display of color, hardly anything can equal climbing roses in full bloom. Used on porches, arbors, trellis and trailing over fences. All of these Climbers are listed as hardy, but we recommend that the Everblooming type be given winter protection in cold sections. If the old canes are not injured, then the amount of bloom they produce will astonish you. For fence or porch planting, set 3 to 4 feet apart. All Climbing Roses are POSTPAID.

HARDY CLIMBING ROSES

C160 Climbing American Beauty—In the spring the entire plant, from top to bottom, is completely covered with the large, double, rosy-red flowers. The blooms are fragrant and have long stems fine for cutting. You can have bouquet after bouquet and hardly see where you cut them. **Each 65c.**

C161 Paul's Scarlet—This famous rose is the most popular red climbing rose ever introduced. A mature plant in full bloom is a sight that simply stops everybody who passes by. It is a solid sheet of blazing scarlet. The color does not fade but is as bright when last petals fall as when it opened. It often blooms again lightly in the fall. The flowers, semi-double, are 2 to 2½ inches across and come in clusters on long stems. A hardy, vigorous grower. Along a fence or as a background it is superb and will be the talk of the town. **Each 65c.**

C162 Primrose—A hardy climber that produces great quantities of large, fully double, canary-yellow flowers in the spring. **Each 65c.**

C163 Silver Moon—Exquisite long pointed buds open into large, fragrant, semi-double flowers of rich ivory. Probably the most vigorous grower of all climbers, it will throw out great big canes 20 feet long. You would like it if it never had a flower because of its luxuriant dark green, glossy foliage. A tremendous bloomer in the spring. In cold sections, to get the greatest amount of bloom, give it some winter protection. **Each 65c.**

C164 Thousand Beauty—This great climbing rose has several points of superiority. In the first place, IT HAS NO THORNS. Yes, you can handle it all you wish and never find a thorn. In the second place, it produces so lavishly its immense clusters of large, double, fragrant, bright pink flowers. In the third place, it is hardy. At Hamburg, it blooms every year without any winter protection. It makes a bushy plant 8 to 10 feet tall. Fine for pillar or low-growing climber, and for a back-ground. **Each 65c.**

C169 **PAUL'S COLLECTION**

- 1 Climbing American Beauty
- 1 Paul's Scarlet
- 1 Primrose

All 3 for \$1.75

All hardy, easy to grow, free-blooming.

P1 MUM SPECIAL

- 1 Algonquin
- 1 Burgundy
- 1 Lavender Lady
- 1 Symphony

All 4 for \$1.00

These are not ordinary varieties but are Five New Kinds, the most-talked-about, the most-wanted Mums in America. The flowers are fully double and much larger than pictured. Strong vigorous growers, $2\frac{1}{2}$ to 3 feet tall, that bloom profusely, starting in late September, except Algonquin which starts in early September. A very low price for very fine Mums. All will bloom this fall. **POSTPAID.**

Summer Blooming MUMS

These two varieties start blooming in late summer and for weeks the compact, rounded bushes are completely covered, from top to bottom, with hundreds of the charming flowers. Dean Kay grows 24 inches tall and the lovely pink flowers are two inches across. Pygmy Gold grows only 18 inches tall and two feet wide, a solid mass of the shapely Pompon flowers. Both are hardy and will delight you this season and many more to come. Both should be in every garden. **POSTPAID.**

P22 2 Dean Kay and 2 Pygmy Gold for \$1.00

P3 Dean Kay—Hundreds of exquisite rose-pink flowers. **Each 30c.**

P10 Pygmy Gold—A solid mass of gleaming gold. **Each 30c.**

Inter-State's Improved Long-Spurred COLUMBINES

Pictured actual size, we believe these are the finest Columbines (*Aquilegia*) sold today. The colors are so rich, so clear and beautiful—the flowers are so large and graceful. Their colors blend perfectly, adding to your garden a “fairy” touch that no other flower can give.

They will grow in the full sun but appreciate a little shade in the hot afternoons. Perfectly hardy, coming up year after year, these are among the first perennials to bloom in the spring. Our plants will bloom this spring. Postpaid.

CRIMSON STAR, Columbine →

The blooms of this beautiful Columbine are larger than pictured here. The superb flowers are a rich, deep crimson with inner petals of white, making a very distinctive and striking color combination. Makes a sturdy plant 24 inches tall, blooming very freely in May-June. Perfectly hardy. Will bloom this spring. Postpaid.

P80 Each 40c, 3 for \$1.00

Clara Curtis "Mum"

Crimson Star

← CLARA CURTIS, Mum

The picture does not do justice to this magnificent Mum. The daisy-like flowers are 2 inches across, a lovely pink with a touch of coral-salmon. Starts blooming in August and for weeks it is a solid mass of beauty, with hundreds of flowers on a single plant. Long stems make it fine for cutting and the blooms last for weeks when cut. Makes a compact bush about 2 feet tall and 2 to 3 feet wide. It is absolutely hardy, easy to grow and succeeds everywhere. We send you strong plants which bloomed freely in our fields last season. Postpaid.

P7 Each 35c, 2 for 60c

Delphiniums

P102 Pacific Hybrids—These are generally conceded to be the finest strain of hybrid delphinium. The flowers are immense, $2\frac{1}{2}$ to 3 inches across and double. The colors are superb, ranging from pure white, sky-blue to deepest indigo-blue, purples, violets, lavenders, and those exquisite shades of orchid-pink. The plants are vigorous, growing 4 to 7 feet tall with strong wiry stems. The flower trusses are often 2 to 3 feet long. Cut the stems after the first great burst of bloom and they will repeat. Nothing in the garden can compare with the majestic beauty of these wonderful Delphiniums. Sold in these glorious mixed colors only. Postpaid. **2 for 85c; 6 for \$2.25.**

P100 Cliveden Beauty—Pictured above. Many think that this is the finest of all light blue flowers. Grows 3 to 4 feet tall and blooms at intervals all summer. A healthy, hardy and vigorous grower that lasts for many years. Lovely in the garden and an exceptionally fine cut flower. Postpaid. **Each 30c, 4 for \$1.00.**

P101 La Martine—Without question, this is one of the very best of all dark blue perennials. It has a rich, intense blue color with a velvety sheen that is impossible to picture. A healthy, hardy, vigorous grower that stands nearly shoulder tall when fully developed. The lovely flowers are produced almost all summer. The more you cut them, the more they bloom. Postpaid. **Each 30c, 4 for \$1.00.**

Carmin Prince

Colorful Spikes Add Grace and Beauty to Garden and Bouquet

P202 Carmin Prince, This new Morden Lythrum, is one of the real outstanding new perennials. It makes a neat symmetrical plant 3 feet tall, with graceful spikes of exquisite carmine-rose flowers. It blooms continuously from early summer to frost. Very fine for cutting, in fact the more you cut it, the more it blooms. It grows everywhere, in dry soil or wet, in sun or part shade. Perfectly hardy, it thrives from Canada to the Gulf and the Atlantic to the Pacific. No plant is easier to grow. Postpaid.

PLANT MORE *Peonies* FOR GORGEOUS FLOWERS

Grace Batson

Grace Batson

OUR LARGEST PEONY

Originated by Mr. Hans P. Sass, America's famous hybridizer. It is the largest flower in our hundreds of varieties. The blooms are enormous, almost as high as they are wide and shaped somewhat like huge "mums." Just one bloom is almost as large as this entire page. Yet, they are so perfectly proportioned that you hold your breath when you first see them. The color is a charming deep pink. They bloom in mid-season on stems strong enough to hold them up for all the world to see. Dependable, free bloomers year after year. Their giant size, perfect form, lovely color and performance make them one of the most outstanding Peonies. Postpaid.

P639 EACH \$1.25

1 GRACE BATSON 1 THOR

P607 Both for \$1.65 Postpaid

Thor ONE OF

OUR FINEST PEONIES

This is another Sass origination. In our large Peony fields with hundreds of varieties, visitors are always attracted by this great Red Peony—a rich, glowing crimson that holds its color and never blues. The flowers are perfectly formed, on strong, straight stems and more than twice as large as pictured. You may have a dozen fine red Peonies, yet we are sure you will welcome Thor and when it blooms, will consider it one of your best if not the very best. It blooms freely in mid-season. Postpaid.

P689 EACH \$1.00

Thor

Last a Lifetime

No Care, No Trouble Bloom Every Year

Inter-State Peonies are Guaranteed to please you when you get them and also when they bloom.

No other flower will bloom so perfectly, year after year, in any garden soil, with no care, no attention, no trouble. They thrive everywhere except in the extreme southern states. They can be planted just as successfully in the spring as in the fall. Plant them real early this spring and you may get a few blooms this season. They are very fine for cemetery planting as in many places they bloom at "Memorial" time. Our soil produces plants of exceptional vigor and strength. This means more and better blooms. We send you fine, vigorous 3 to 5 eye plants. With each order we send easy Planting Instructions. All Peonies are Post-paid

GOOD PEONIES

Here are the Nation's Favorites, planted wherever Peonies are grown. Every one is a good one, big double flowers and produced freely every year. Grown in enormous quantities so they can be sold at a lower price.

P612 Albert Crousse—Late. The beautiful, large, salmon-pink flowers are produced profusely on tall stems. Lovely in the garden and fine for cutting as they last so long. **Each 50c.**

P626 Edulis Superba—Early. America's most popular pink. Called the "Memorial" pink because it blooms early. Sparkling bright pink. **Each 40c.**

P632 Felix Crousse—Midseason. Most popular of all red Peonies. For freedom of bloom, beauty of flower and sureness of bloom, none surpass it. A gleaming rich ruby-red. **Each 40c.**

P668 Mme. de Verneville—Early. Considered by many to be the best early white peony. A profuse bloomer, pure white with a few crimson marks. A fine cut-flower. **Each 40c.**

MONS. JULES ELIE—A Grand Pink Peony, Each 60c

BETTER PEONIES

P635 Frances Willard—Midseason. The large perfectly formed flowers open a light blush, then change to snow-white with a few crimson lines. **Each 75c.**

P661 Marietta Sisson—Early. Our finest real early deep pink. Great clusters of rose-colored blooms completely cover the bush, and last a long time. **Each 75c.**

P651 Karl Rosenfield—Midseason. Most popular rich crimson. Large flowers of perfect form, last a long time. **Each 60c.**

P697 Mikado—Midseason. One of the world's outstanding, most brilliant peonies. Large outer petals of solid deep red with a full center of shorter petals, each petal red with a golden edge and tip. A strikingly beautiful flower, very freely produced. Generally sold at \$1.00 or more. **Each 75c.**

P669 Mons. Jules Elie—Early. Immense size, just one bloom being almost as large as this entire page. Glowing pink with the luster of pearls. One of the greatest peonies of all time. **Each 60c.**

BEST PEONIES

These are the varieties that all who have seen them, want—now offered at a price you want to pay.

P625 Dr. Brethour—Midseason. Until you see this new peony, you cannot realize how exquisitely beautiful it is. Extra large, absolutely perfect flowers of a warm, pure white. **Each \$1.25.**

P660 Longfellow—Early midseason. Probably the brightest red, a color so brilliant that it stands out in our big peony fields like a beacon. **Each \$1.00.**

P673 Myrtle Gentry—Late. You who know this extra fine peony will rush to buy it at our special price as it ordinarily sells for \$2.00 each. Without question, this is one of the world's finest Peonies. Big, perfect flowers of soft pink with a delicate salmon-flush. **Each \$1.25.**

P683 Rosabel—Midseason. The big handsome American Beauty rose-red flowers are produced so abundantly they cover the entire plant. Lovely in the garden and fine for cutting. **Each \$1.00.**

Postpaid, Each 30c, 4 for \$1.00

Low-Growing Asters

P44 **Frikarti**—Makes a spreading plant 24 inches tall, with large lilac-blue flowers from late spring to freezing. **Each 40c.**

P41 **Little Pink Lady**—Compact plant 18 inches tall, completely covered with pink flowers in the fall. **Each 25c.**

P42 **Niobe**—Rounded plant 12 inches tall, a mass of pure white in the fall. **Each 30c.**

PLANTAIN LILY

P226 One of our best and most useful plants. Hardy, grows anywhere, in sun or shade. Especially fine for shady places where few plants will live. The variety we sell, *Subcordata Grandiflora*, is the finest of the Plantain Lilies. It grows 18 inches tall, has very attractive foliage and blooms freely in August and September. The large flowers are snow-white, fragrant and resemble Easter Lilies. **POSTPAID.**

Each 60c, 2 for \$1.00

HARDY FERNS

Nothing adds more to a bouquet than sprays of feathery ferns. Perfectly hardy, they come up year after year.

P120 **American Maidenhair**—Fine on the north side. Grows about a foot tall.

P121 **Hayscented**—Will grow in shade and also in semi-sunny, rather dry spots. 12 to 18 inches tall.

P122 **Interrupted**—Good for foundation planting in both shade and semi-shade, even where ground gets a little dry. 2 to 4 feet tall.

P123 **Lady**—This is the fern pictured. Likes the shade. 1 to 2 feet tall.

P124 **Ostrich Plume**—Thrives in a shady place, not too dry. 2 to 4 feet tall.

**Your Choice 5 Ferns Above,
Postpaid.**

Each 30c, 4 for \$1.00

Guaranteed to Please You

American Shamrock

THE GOOD LUCK PLANT

B151 American Shamrock (*Oxalis*) produces its lovely bright pink flowers from early summer to frost. It grows 8 to 10 inches tall and is unsurpassed for borders or solid beds. The Shamrock foliage itself is very attractive, rich green shaded maroon in the center of each leaf. Legend calls it the Good Luck Plant.

The bulbs are not large, about the size of marbles, but it is astonishing the tremendous number of blooms each bulb will produce during the season. We know of no other bulb or plant more easily grown. All you have to do is put them in the ground, 3 inches deep, 4 to 6 inches apart. If you want an especially thick border, plant a double row. They prefer a sunny location but will do all right if shaded just part of the day. In the fall, dig the bulbs and store them over winter just like Glad bulbs. **POSTPAID.**

**20 for 50c; 50 for \$1.00;
100 for \$1.75**

**See page 3 for
Free Premiums**

Dianthus

LITTLE JOE

P112 A new sensation that we believe will become one of the most popular, low-growing perennials ever introduced. It makes a bushy, compact plant only 6 to 8 inches tall, with attractive blue-green foliage. The rosy-red flowers, about the size of a half-dollar, are produced continuously from early summer to frost. The more you pick them, the more it blooms. Hardy, healthy, thrives in the sun or part shade. Not particular as to soil but responds to good treatment. An ideal plant for low borders, rockeries or wherever you want a neat, small, everblooming hardy plant. Postpaid.

Each 50c, 3 for \$1.25;

6 for \$2.25, 12 for \$4.00

P98

DAY LILY SPECIAL

1 Mikado

1 Fulva Maculata

1 Ophir

ALL 3 FOR 85c

P182 Japanese Iris—These are among the most magnificent of all garden flowers. They grow 2 to 3 feet tall. The flowers are large and richly colored, from pure white, through all the shades of yellow, blue, purple, pink, rose, many flowers having 2 or 3 colors. We offer these in a fine mixture of all colors. Postpaid. **Each 30c, 4 for \$1.00.**

P255 Rudbeckia, The King—A majestic new perennial much superior to the common Rudbeckia. The large flowers are rosy-red with a coppery center and are unusually long time, both on the last and when cut. Makes a vigorous bush and when cut, 3 feet tall, with sturdy flowering stems that bloom from early July to frost, no matter how hot or dry. Postpaid. **Each 50c.**

Hardy Tritomas—These new hybrids are much hardier, with more beautiful flowers, blooming freely from July to frost on graceful stems, 3 to 4 feet tall. Postpaid. Your choice. **Each 30c, 4 for \$1.00.**
P305 Orange Glow—Glowing orange.
P306 Sunset—Lovely two-tone, upper part is flame, lower part, gold.

More Perennials TO BEAUTIFY YOUR HOME

HEMEROCALLIS

DAY LILIES are becoming very popular, and rightly so. Easy to grow, they thrive everywhere, even the poorest soil, in sun or part shade, wet or dry soil. Not bothered by insects or diseases, they last a lifetime. An established plant will have many stems, each stem producing 25 or more flowers. Lovely enough for the finest garden, they are a blessing for those difficult places where most other plants fail. All Day Lilies are Postpaid.

VARIETIES OF DAY LILIES

P91 Fulva Maculata—Unusually large flowers of copper shaded crimson on 48 inch stems in July-August. Very free blooming. **Each 35c.**

P92 Gypsy—Deep orange flowers during mid-summer on 36 inch stems. **Each 35c.**

P93 Hyperion—Very fine, large, fragrant lemon yellow flowers produced abundantly on 40 inch stems in July and August. **Each 75c.**

P94 Mikado—Most popular of all. Striking flowers of golden-orange with a broad spot of mahogany-red on each petal. Freely produced on 36 inch stems in June and July and often blooms again in September. **Each 50c.**

P95 Ophir—Large golden yellow flowers are freely produced in July and August on 48 inch stems. **Each 40c.**

INTER-STATE IRIS

Iris have been greatly improved in the past few years. From hundreds of varieties we have selected the Iris below—those with rich colors and fine flowers—good growers and free bloomers—bright, gay flowers you will delight to have in your garden. We guarantee them to please you when you get them and **ALSO WHEN THEY BLOOM.**

We ship Iris in the spring until around May 15th. Then, they are getting ready to bloom and are too soft to ship. We start shipping again about July 15th.
ALL IRIS ARE POSTPAID.

IRIS THAT BLOOM BOTH SPRING AND FALL

A new race that bloom as usual in the spring and then bloom again in the fall. Now priced low.

P450 Autumn King—The original spring and fall bloomer. Large flowers of blue-purple. **Each 15c, 4 for 50c.**

P451 Autumn Queen—The white blooms are produced almost every month, May to October. **Each 30c.**

P452 Eleanor Roosevelt—Beautiful, richly colored, royal purple blooms freely produced both spring and fall. **Each 25c.**

8 for \$1.00

Postpaid

AMERICA'S MOST POPULAR DAHLIAS

Dahlias are the largest and most beautifully colored of all the late summer and fall flowers. Easy to grow, we send simple planting instructions with every order. For exhibition, nip off the side branches allowing only a few main stems to grow. For lots of flowers, nip the ends of the main shoots when only a foot or so tall, making them branch. A young, medium-size bulb will do much better than a large, sappy, over-grown, old bulb. There is only about a half crop of Dahlias this season. Even though Dahlias are planted late, we suggest that you order them early. They will keep perfectly in a moderately cool place, until planting time. ALL DAHLIAS ARE POSTPAID.

B6 Avalon—Our most popular yellow because its large, clear yellow blooms are produced so freely. Perfect form, long stems. The blooms are twice as large as pictured on page 61. **Each 25c.**

B7 California Idol—Giant pure yellow blooms, often 10 inches across (as wide as this book is long) on long, strong stems. A strong, healthy grower. Generally considered to be the finest yellow today and one of the great dahlias of all time. **Each 65c.**

B8 Commodore—A winner of the American Home Achievement Medal, one of the highest awards a dahlia can win. Lovely lemon yellow flowers are enormous, up to 12 inches across. **Each 25c.**

B9 Forest Fire—A spectacular flower, large, flame red with flashes of yellow. It actually looks like a forest fire. **Each 65c.**

B10 Jane Cowl—Considered the greatest dahlia ever introduced. It has brought joy and beauty to untold millions. Large flowers, 3 times larger than pictured on page 61, of buff and gold with a center of apricot, on tall, strong stems. **Each 25c.**

B11 Jersey Beacon—A large, free-flowering dahlia that is very dependable. Chinese red with shadings on reverse of petals which gives it a beautiful two-tone effect. **Each 25c.**

B12 Jersey Beauty—The most popular and most perfect pink dahlia in America. Exquisite flowers of perfect form, freely produced on tall, erect stems. Blooms twice as large as pictured. **Each 25c.**

B14 Miss Oakland—Only a couple years or so ago, this fine white dahlia sold for \$2.00 or more each. Big blooms, long erect stems. Has won many ribbons. **Each 30c.**

B15 Mrs. Boutillier—Probably the largest of all red dahlias, as large as 12 to 14 inches across. The color is a so pleasing carmine-red shading to a carnal-red at the center. A vigorous grower producing its blooms on tall, strong stems, high above the foliage. **Each 50c.**

B16 Mrs. Warner—Another of America's all time great dahlias. Lovely blooms of lilac-lavender, twice as large as pictured on page 61; produced very freely. **Each 25c.**

B17 Rose Glory—Big perfect flowers of a very lovely clear rose-pink. Erect on tall strong stems. Very free blooming. **Each 25c.**

B18 Royal Pennant—The large flowers of rich purple come on strong stems held up above the foliage. For size, attractive color and freedom of bloom, this is our favorite purple. **Each 50c.**

B19 Sagamore—A striking dahlia with the colors of fall—amber shaded salmon, rose and orange. Always attracts attention. Large flowers on good stems. **Each 25c.**

B20 Thomas A. Edison—The best of ribbons this magnificent purple dahlia has won would paper a house. Large blooms on strong stems. **Each 30c.**

B21 Wm. H. Hogan—Very attractive large blooms of red edged and tipped white, much larger than pictured on page 61. Freely produced on tall, strong stems. Probably the best bi-color, red and white dahlia. **Each 50c.**

B22 Zion's Delight—Not new, rarely seen, this fine bright red dahlia will bring you much pleasure. The color is so bright and cheerful and the flowers are produced so lavishly on good stems. Pictured on page 61. **Each 40c.**

Crimson Beauty

B80 Crimson Beauty—This fine Lily is not new, yet only a few people have it because the supply has been so limited. The flowers are much larger than pictured above. The color is distinctive, a rich crimson with just a touch of copper—a pleasing shade of dark red that is not harsh and does not clash with other colors. Blooms freely in early summer, in upright clusters, on stems 1 to 2 feet tall. Very easy to grow and lasts a lifetime. **Each 35c, 2 for 60c.**

B81 Dream Lily—When this lovely white Lily becomes better known it will rival in popularity the Regal and Philippine. It blooms in July-August just between the Regal and Philippine. The flowers are large, 7 to 8 inches long, fragrant and produced on strong stems, 4 feet or so tall. A wonderful Lily. **Each 40c, 3 for \$1.00.**

Regal Lily

Yes...Inter-State

Every Lily (except Aztec) on these two pages is hardy and all will bloom this season. They will come up year after year, producing more and more flowers. They thrive in ordinary, well-drained garden soil, in sun or part shade. Easy planting instructions sent with each order. **WE PAY THE POSTAGE ON ALL LILIES.**

B78 AZTEC TIGER FLOWER (Tigridia)

This rare flower was sacred to the ancient Aztec Sun worshippers of Old Mexico. The flowers are so strikingly beautiful that nothing in your garden will draw as much attention. Grows 24 inches tall. The blooms are huge, often 6 inches across. Each flower lasts but a day, opening at dawn, following the sun in its course, then passing at sunset. This goes on all through the summer. The bulbs are dug in the fall and stored like Glad bulbs.

All 3 for 75c
(\$1.15 Value)

B87 Sunset Lily—You have to see this in bloom to appreciate it. One of the most beautiful and satisfactory of all Lilies. A grand sight in midsummer, its stems 4 to 6 feet tall, loaded with flowers of glowing scarlet with an orange center, dotted maroon. A healthy, vigorous grower, hardy, easy to grow and sure to bloom, year after year. **Each 35c, 3 for 90c.**

B84 Red Coral Lily—Their small fragrant bright scarlet flowers highlight the entire garden in late spring and early summer. Grows 18 inches tall and thrives everywhere. Plant a dozen you will love them. **Each 25c, 3 for 50c, 12 for \$1.50.**

B86 REGAL America's Favorite Lily

The most popular hardy white Lily, planted all over America. Exquisite white, pink-tinged flowers with a golden throat. The fragrant blooms, much larger than pictured, come in June-July on stems 3 to 4 feet tall. Perfectly hardy, grows in sun or partial shade, coming up year after year. Each bulb will bloom this year, the larger bulbs producing more flowers. Plant freely, you'll never have too many.

Lilies Will Bloom this Summer . . .

PHILIPPINE LILY

*Large, Fragrant Blooms
From Midsummer to Frost
Easy to Grow, Sure to Bloom*

Coming from the islands of the southern Pacific, this magnificent Lily is sweeping America. This is easily understood. The beauty of its flowers, their size and fragrance, the marvelous freedom of bloom over such a long period and because it is so easy to grow and sure to bloom. The flowers are much larger than pictured, being 7 to 8 inches long, blooming from August to frost on stems 4 to 5 feet tall. Once planted they last for years, coming up year after year. Beautiful in the garden and fine for cutting. Our bulbs will bloom this summer. Postpaid.

B83 Each 50c 3 for \$1.15

B88 Tiger Lily—Flowers of Salmon-orange dotted purple on tall stems in midsummer. **Each 25c.**

Large, Flowering *Cannas*

**FOR A GLORIOUS BORDER OR BED
THAT BLOOMS TILL FROST**

No other flower will give as brilliant a display all summer and fall as a bed or border of Cannas. We send Big, Extra Fine Bulbs. Plant them 18 inches apart each way. Plant in full sun when the ground warms up in late spring.

Inter-State's "Better Glads"

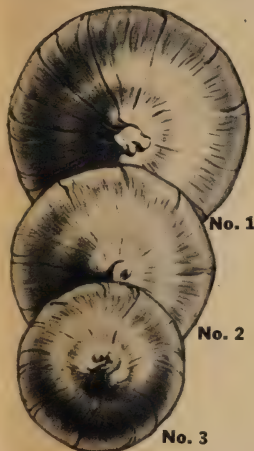

**GUARANTEED
THE FINEST GROWN**

All Glads are beautiful but some are better than others. We are very careful in selecting the varieties we sell. That is why we can make a guarantee like this.

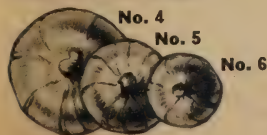

When you receive our bulbs, if you are not satisfied, return just 1/2 the bulbs and we will refund all the money you paid us for all of them. Also when they bloom, if you are not delighted, you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the Glads.

Our Large Bulb grade contains both No. 1 and No. 2 sizes. Our Medium Size bulbs are No. 3 size. They give you fine flowers at low cost. For exhibition and largest spikes, plant the Large Sizes.

**We sell only the
No. 1, 2 and 3 size bulbs**

These are too small

BOUQUET ZINNIA SPECIAL YOUR CHOICE ANY 4 PACKETS FOR 33c

262 Zinnia, Fantasy Mixed (24)—Frilled flowers in red, yellow, orange, pink and cream.

258 Zinnia, Red Riding Hood (16)—Compact plants literally covered with double scarlet flowers. Lilliput type, fine for borders.

250 Zinnia, Howard's Giant Crested (30)—The colors of this Zinnia are very bright and fresh. The blossoms are 4 to 5 inches in diameter. It has a cushion-like center surrounded by broad guard petals and is fast becoming very popular.

271 Zinnia, Lilliput Pastel Mixed (20)—A neat, compact plant with soft, pastel shaded blooms. Very desirable for cutting.

259 Zinnia, Tom Thumb (6-10)—Small plants with an abundance of dainty flowers.

257 Zinnia, Pompon or Lilliput (20)—The rich, bright colors make this baby Zinnia very popular. An abundance of bloom from early summer until late fall.

Larkspur, Giant Imperial (30)—An ideal type for cutting with long flower stems, branching from the base. Your choice of the following.

- 160A **Blue Spire**—Deep blue.
- 160B **Carmine King**—Carmine
- 160D **White King**—Pure white.
- 160E **All Colors Mixed**.

304 Larkspur, Rosalind (40)—A new color in Larkspur, rose with just enough salmon to create a most pleasing shade of rose-pink. Base branching, practically non-shattering, excellent for cutting.

We offer you the choicest, most popular flower seeds, personally selected and thoroughly tested. These are the finest money can buy. Complete planting instructions are on every packet. The figure following the name gives the average height in inches when in bloom. Buy by the dozen and save money.

PETUNIAS—Easy to Grow and Always in Bloom

Petunia (12)—Easily grown, blooms early and continuously until frost. Improved colors make beautiful beds and borders. The balcony types are best for window boxes.

- 192 **Balcony Blue**
- 193 **Balcony Rose**
- 195 **Balcony Mixed**
- 191 **California Giants Mixed**
- 187 **Exquisite Mixed**
- 190 **Flaming Velvet**, deep red
- 188 **Purple**
- 189 **Rose of Heaven**, soft rose

186 Petunia, New Rose Gem (6)—A dwarf, compact plant covered all summer with lovely, deep rose flowers. Fine for beds and edging.

313 Petunia, Super Fluffy Ruff (12)—A new strain of ruffled Petunia, so ruffled and frilled that they appear double. The large flowers with full throats and beautiful color variations are lovely beyond imagination.

SPECIAL PETUNIA OFFER

- 188 **Purple**
- 189 **Rose of Heaven**
- 190 **Flaming Velvet**

MARIGOLDS—Bloom July to Frost

166 Marigold, All-Double Harmony (15)—Charming, Scabiosa-like flowers with deep orange center petals flanked by wide, dark maroon-brown petals. Very free-flowering, especially in dry weather.

163 Marigold, Burpee Gold (30)—Gives an abundance of glorious deep orange double blooms, 3½ inches across. The long petals are loosely arranged. Blooms very early and entirely odorless.

164 Marigold French Dwarf Monarch Strain (12)—Double flowers in combinations of orange, bronze, yellow and mahogany come on compact plants. Free-flowering.

170 Marigold, Yellow Supreme (30)—Creamy yellow blossoms of the carnation flowered type.

165 Marigold, New Extra Early Hybrids (18)—The earliest of all African type marigolds. A color range from bright orange to crimson on base branching plants producing a mass of color. An entirely new type Marigold.

MARIGOLD OFFER

We will send you the following 5 packets for just 31c postpaid (regular 50c value).

SCABIOSA—Easy to grow, ideal for cutting

316 Scabiosa, Giant Rosette (36)—A glorious new Scabiosa color, a deep, lovely rose, with extra large flowers on long stems which are fine for cutting. You will welcome this glowing, new color.

315 Scabiosa, Blue Moon (36)—An entirely new type of Scabiosa with broad, wavy petals of a rich deep lavender blue. The long, wiry stems make it ideal for cutting.

ASTERS For Late Summer Beauty

Wilt Resistant Asters—If you have had any trouble raising Asters, try our Wilt Resistant Strains. They are much more vigorous and productive, giving an abundance of cut flowers. We offer only the Wilt Resistant Strains as they have proven the most satisfactory.

117 Aster, Double Mixed, Wilt Resistant (30)—Our mixture of many double varieties gives a lovely variety of colors for home gardens and cutting.

116 Aster, Giant Branching Mixed, Wilt Resistant (30)—Their branching habit and vigorous growth give a profusion of bloom and vivid colors. Very double.

112 Aster, Giant Crego Mixed, Wilt Resistant (27)—Large, double flowers with curled and twisted petals. Blooms from July until frost.

NASTURTIUMS Thrive in the poorest of soil

172 Nasturtium, Dwarf Mixed (10)—The most popular dwarf annual, easy to grow in poor soil, and blooms for weeks. In rich colors, fine for beds and borders.

173 Nasturtium, Tall Mixed—A choice mixture of all the newer and more colorful types.

175 Nasturtium, Double Glorious Gleam Hybrids—Large, double, sweet-scented blooms in striking colors.

174 Nasturtium, Double Golden Gleam—Fragrant, golden yellow flowers. An original Gold Medal Winner, and still one of the most widely planted of all new flowers.

PERENNIAL SEEDS GIVE PERMANENT GARDEN BEAUTY

275 Alyssum, Saxatile (9)—An early flowering, brilliant golden yellow border and rock garden plant.

277 Columbine, Inter-State's Hybrids, Mixed (30)—The finest long-spurred columbine with colors so rich and beautiful. A far superior strain and one you can enjoy year after year.

281 Hollyhocks, Dbl. Mixed (72)—Chater's choice strain, large double flowers of rose, maroon, pink, yellow, etc. A perennial.

282 Iceland Poppy, Imperial Jewels Mixed (20)—Beautifully frilled flowers and color tones almost limitless. A perennial on strong wiry stems and usually blooms the first year from seed.

283 Sweet Peas, Everlasting Mixed—The perennial Sweet Pea with the wax-like bloom. Remove seed pods for a more continuous bloom.

Scabiosa, Mourning Bride (30)—Long stems and cheerful colors make these ideal for cutting. Long lasting in water and bloom July until frost. Very easily grown.

214 Finest Mixed, lovely colors.

215 Black Prince, purple.

216 Blue Cockade, deep blue.

218 Peach Blossom, peach pink.

219 Loveliness, salmon rose.

221 Shasta Improved, white.

222 Yellow, sulphur yellow.

SWEET PEAS For Early Beauty

223 Sweet Peas, Spencer Late Flowering Mixed—The flower that everybody loves. A choice variety of colors.

Sweet Peas, Early Large Flowering Spencers—The large, wavy, Spencer type flowers that bloom fully one month earlier and over a much longer period than the old type. Gives an abundance of lovely cut flowers. Plant as early as possible for best results.

234 Finest Mixed.

235 Blue Bonnet, deep blue.

241 Radiance, bright pink.

240 Sweet Peas, New Spring Flowering Mixed—A new strain of Sweet Peas especially fine because they stand lots of hot weather.

DECORATIVE ANNUAL VINES

289 Gourds, Ornamental Mixed—This special mixture of the large and small ornamental varieties is very interesting.

297 Cardinal Climber, Ipomea Hyb.—A mass of fiery red flowers from midsummer until frost. Everybody admires this strong and rapid growing annual vine.

291 Morning Glory, Giant Japanese Mixed—Large flowers and gay colors that you will enjoy. Like poor soil and tall sun.

292 Morning Glory, Imp. Heavenly Blue—Clarke's Strain. The large, lovely, true-blue flowers with a lighter throat give a mass of beauty. Fine for trellis or arches. A coarse gravelly soil and a southern exposure gives an abundance of morning bloom until frost.

293 Morning Glory, Pearly Gates—Silver Medal Winner in 1942 All-America Selections. The flowers are a lovely lustrous white with creamy shading deep in the throat. They average 4½ inches across. Vines are covered with bloom from midsummer to frost. A wonderful companion for Heavenly Blue.

306 Morning Glory, Scarlett O'Hara—The All-America GOLD MEDAL Winner that has created so much interest. The rich, wine-red flowers of good size are freely produced and last longer.

307 Morning Glory, Cornell—A new, annual climber with flowers of intense red with pure white border, as large in size as Heavenly Blue. Makes a rapid growth.

MORNING GLORY VINE SPECIAL

**1 Imp. Heavenly Blue
1 Pearly Gates
1 Scarlett O'Hara**

**All 3 for just 25c
POSTPAID**

103 African Daisy, Hybrids Mixed (15)—Compact, bushy plants with white, orange, gold and salmon blossoms from July to October. Very colorful, and fine for cutting.

107 Alyssum, Procumbens, Carpet of Snow (4)—The dwarf, white, edging plant that is so desirable. Blooms all summer and fall. Each plant is a compact mass of snow-white blossoms giving a beautiful carpet of color. **Pkt. 10c.**

122 Alyssum, Violet Queen (6)—A new dwarf compact variety bearing beautiful bright violet flowers all summer and fall. It is a pleasing contrast to the white flowering alyssums.

118 Bachelor Button, Double Mixed (20)—An abundance of double, colorful flowers from July until frost. Fine for cutting.

119 Bachelor Button, Jubilee Gem (12)—A dwarf, compact plant of bright green. A delightful background for the double, dark blue flowers.

120 Balsam, Lady's Slipper, Finest Mixed (24)—An old favorite with many brilliantly colored, showy flowers. Free-blooming.

123 Calendula, Sunshine (18)—The large, buttercup-yellow flowers bloom over a long period and are excellent for cutting.

124 Calendula, Campfire (24)—The large, dark orange flowers with a scarlet sheen are very attractive. A greatly improved strain.

125 Calendula, Finest Double Mixed (18)—The old fashioned, free-flowering Pot Marigold of yellow and orange. Especially lovely in late fall.

126 Campanula, Cup and Saucer, Canterbury Bell (20)—An easily grown biennial that gives a profusion of blue, rose, and white flowers.

128 Candytuft, Umb. Hybrids (6)—The crimson, flesh, lilac, rose, and white flowers are very showy for mass planting. A superior strain.

129 Canterbury Bell, Annual Mixed (24)—Blue, pink, rose, violet, and white flowers in late summer and autumn. A fine border flower.

130 Carnation, Chabaud's Giant Imp. (16)—Our most popular early flowering clove-scented carnation. The robust, long-stemmed plants give continuous bloom.

131 Castor Bean, Ricinus (120)—tall-growing background plant with ornamental foliage. Useful for screening alleys and unsightly places.

136 Cockscomb, Celosia Cristata (30)—The beautiful velvety-red heads of this old fashioned celosia add color to the garden.

139 Cosmos, Sensation Mixed (45)—Immense pink and white blooms are truly a sensation, and are a great favorite for cutting.

141 Cosmos, Mam. Ea. Flowering Mixed (48)—The large, single flowers of red, pink, and white make a lovely showing from midsummer until frost. **Pkt. 10c.**

303 Dahlia, New Dwarf Hybrids (20)—This new strain of Dahlias is selected to give a higher percentage of true doubles and a much wider range of colors than the original.

145 Dianthus, Pinks, Heddewigi Dbl. Mix (12)—The freely-produced flowers of crimson, purple, pink, and white are fine for cutting.

148 Four O'Clocks, Marvel of Peru (24)—Flowers of red, yellow, lilac and white. The glossy foliage and profuse bloom make it an attractive border plant from July until frost. **Pkt. 10c.**

154 Gypsophila, Annual Baby's Breath (15)—This improved London Market strain gives an abundance of large, pure white flowers. Make several plantings for continuous bloom.

182 Painted Daisies, Finest Mixed (18)—The annual Chrysanthemum is easily grown and loved by all. Early blooms, choice colors.

183 Pansy, Giant Superb Mixed (6)—A large flowering strain in a beautiful color range.

308 Pansy, Super Swir Giants (6)—For size, color, and free blooming qualities this garden favorite is unsurpassed. Compact plants, gorgeous bloom.

196 Phlox, Drummond's Annual Mix. (12)—One of the easiest grown and most satisfactory of all flowers. Our special strain with its rich variety of clear, vivid colors will delight you. Profuse bloom, even in hot weather.

205 Poppies, Eschscholtzia, Calif. Mixed (12)—A free blooming annual rich in crimson, pink, and orange-scarlet shades. Very showy.

209 Portulaca, Rose Moss, Dbl. Mixed (4)—Our unsurpassed, choice doubles. Delicate green foliage simply covered all season with bright colorful flowers. The flowers resemble small roses and in dry weather are at their best.

212 Salvia, America, Globe of Fire (24)—The most uniform continuous bloomer of all scarlet sages. Brilliant flowers, fine for borders.

213 Salvia, Farinacea, Blue Bedder (24)—Sturdy plants with tall spikes of lovely blue flowers. Fine for background, beds and borders.

225 Snapdragon, New Calif. Rust-proof (30)—The finest color range of all the Rust Resistant Mixtures. Beautiful in beds and fine for cutting.

226 Snapdragon, Super Giants, Rust-proof (30)—A mixture of our own selection, taller in habit than the California type and bearing larger blossoms.

228 Strawflowers, Everlastings Fi. Mixed (20)—Our own collection of many kinds especially selected for your winter and decorative bouquets.

243 Sweet William, Single Mixed (18)—Pink, crimson, scarlet and white blooms in early spring. A favorite of the flower lover.

Verbena, Giant Hybrids (10)—Fine for borders, beds, porch boxes and among tall growing plants like Lilies. Bloom all summer and fall.

INTER-STATE'S TESTED, GUARANTEED-TO-GROW VEGETABLE SEEDS!

OUR SEED GUARANTEE

We guarantee our seeds to be of the best quality and to grow in your garden. Otherwise, we will replace them free.

PLANT GOOD SEEDS ONLY

Fertile, well-cultivated soil . . . moisture . . . your skill as a gardener—all these count big toward the success of your garden. But, in the end, the results you get will depend upon the quality of the seeds you plant.

SELECTED FOR SUCCESS

Not only are Inter-State Seeds selected for quality, but the varieties offered have been carefully chosen for *the results they give under practical gardening conditions*. Each variety listed in this section is here because it has won highest approval among gardeners for quality and yield.

When you see this mark (*) before the name of a variety, it means that we recommend it especially for quality and productiveness in the home garden. The number following the name indicates the approximate days from planting until ready for use. Complete easy-to-follow Planting Instructions are printed on every seed packet.

VITAMINS AND MINERALS

The information given on these is taken from official publications. Especially good sources of vitamins are shown in **HEAVY TYPE LIKE THIS.**

ORDER SEEDS NOW!

Order early—play safe! Order your entire season's supply NOW and save money. Be sure to include in your order enough seeds to take care of successive replantings. Keep your garden producing at full capacity from early spring to frost.

FREE SEEDS

On all seed orders amounting to \$2.00 or more we will include free some extra packets worth 25c or more. The larger the order the more free seeds are included.

IMPORTANT NOTICE...

If you order both Seeds and Nursery Stock, please write your Seed Order on a separate Order Blank or sheet of paper. Seeds and Nursery Stock are not shipped together. By sending us your orders for Seeds and Nursery Stock on separate sheets of paper, you help us to give you faster service, with less chance of confusion. Be sure to write your full name and complete address, plainly, on both sheets.

BEANS

Contain Vitamins **A, B₁, C, G**, also **Calcium, Iron** and Phosphorous.

NITRAGIN ONLY 10c

Be sure and inoculate your Beans, Peas and Sweet Pea Seeds with Nitragin. It greatly increases the yield. A garden size packet costs only 10c post-paid and is enough to treat 3 or 4 pounds of all 3 seeds.

One packet of Bush Beans will plant 25 feet and 1 pound 150 feet. Make successive plantings of bush beans and have fresh beans all summer and fall.

DWARF GREEN POD BUSH BEANS

401 Burpee's Stringless Green Pod (50 days)—This is, by far, our most popular bush bean. It produces long, round meaty pods that are always tender and absolutely stringless even when full grown. It cannot be beat for table use or canning. Its quality, productiveness and tenderness have never been surpassed. We believe that it will produce more than any other variety and produce for a longer period of time. The seeds are dark coffee color. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c; 2 Lbs. 82c.**

404 Early Bountiful (48 days)—The most popular early flat green bean. Tender, meaty, stringless, good quality, productive. Seeds are pale yellow, kidney shaped. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

402 Plentiful (49 days)—A new green bean that won All-America Award in 1939. Long, thick, meaty, flat pods, absolutely stringless and excellent quality. Produces over a very long season. Black seeds. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

405 Stringless Red Valentine (52 days)—This round stringless green bean is a dependable bearer of enormous crops. Tender and stringless. Much better than the old Red Valentine. Seeds are purplish red, splashed buff. **Large Packet 10c; ½ Lb. 25c; 1 Lb. 45c.**

Tendergreen

403 Tendergreen (53 days)—A new green bean so tender that it fairly melts in your mouth. Absolutely stringless, very highest quality and productive. Fine for table use and canning and best of all for freezing. All who plant it are enthusiastic about it. Try some for yourself. Seeds are mottled brown and buff. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

Burpee's Stringless Green Pod

Brittle Wax

BUSH LIMA BEANS

If you have never planted any of these, be sure and plant a few this year. You will like them. Very easy to grow and extremely productive.

411 Burpee's Improved Bush Lima (75 days)—A large, meaty, delicious Lima. Long, broad, tender flat pods. Very productive, it produces right up to frost. When dry the beans are large, plump, white with a light greenish tinge. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

416 Cangreen (68 days)—A new Lima similar to Henderson's except the beans are a little larger and when dry they remain an attractive green color. Extremely productive, all season. If you plan to can some Limas, be sure and plant some Cangreen, because the beans look fine in the jar and taste as good as they look. **Large Pkt. 10c; ½ Lb. 27c; 1 Lb. 50c.**

412 Henderson's Baby Lima (65 days)—A tremendous yielder, a short row will give you these delicious butter beans right up to frost. The green pods are about 3 inches long. The beans are small and creamy-white when dry. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

POLE BEANS

413 Kentucky Wonder (65 days)—Most widely planted pole bean. Bears early with clusters of long, curved green pods with tasty distinctive flavor. The more you pick them, the more they bear, until frost. Light brown seeds. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

415 King of the Garden (86 days)—The finest pole lima. Mammoth size pods, well-filled, are produced from the bottom of the vine up, until frost. White beans when dry. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

414 Missouri Wonder (66 days)—Produces an abundance of light green, round, slightly curved pods, crisp when young. The most popular Corn Hill Bean. Seed is light tan speckled brown. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

DWARF WAX POD BEANS

406 Brittle Wax (54 days)—This is our best and most popular wax bean. Superb quality, very early and very productive. The long round pods are perfectly stringless at all times, very tender, light yellow. Many think this the finest quality of all beans, wax or green. Easy to grow as it is blight resistant and stands lots of dry weather. Kidney shaped seed is white with black eye. **Large Packet 10c; ½ Lb. 28c; 1 Lb. 50c.**

408 Pencil Pod Black Wax (53 days)—This popular wax bean has long golden-yellow, tender, stringless curved pods. Black seed. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

407 Top Notch Golden Wax (50 days)—Pods are deep yellow, straight, thick, flat, stringless and fine quality. Productive, rust-proof. Fine for canning. Seeds white mottled reddish-brown around eye. **Large Packet 10c; ½ Lb. 25c; 1 Lb. 45c.**

FIELD BEANS

409 Improved Navy (85 days)—The small white soup bean. Plant some for your winter's supply for soup and baking. **Large Pkt. 10c; ½ Lb. 20c; 1 Lb. 33c.**

410 Red Kidney (94 days)—The dark red bean used in chili, soups, etc. **Large Pkt. 10c; ½ Lb. 22c; 1 Lb. 38c.**

BEETS

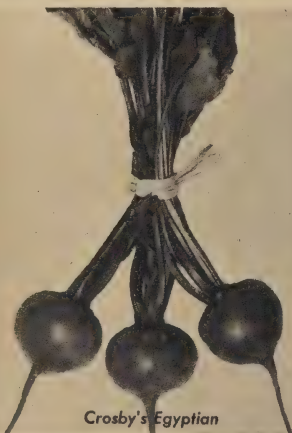

Contain vitamins A, B₁, C, G, also minerals. The Beet greens contain Iron, calcium, phosphorus, A, C, and G.

One Pkt. will sow 20 to 25 feet; one Oz., 75 to 100 feet.

Detroit Dark Red

***420 Detroit Dark Red Improved** (61 days)—The most popular beet for the home garden and canning. Globe shaped, very smooth, a deep oxblood-red color. Very tender and sweet at all stages of growth, without a trace of woodiness. **Packet 10c; ½ Oz. 18c; 1 Oz. 30c;—¼ Lb. 85c.**

Crosby's Egyptian

***421 Crosby's Egyptian** (55 days)—Extra early, semi-flat, very tender and sweet. Flesh is distinct dark red and keeps its color in cooking. Free from woodiness. Fine for the first beets from your garden. **Packet 10c; ½ Oz. 18c;—1 Oz. 30c; ¼ Lb. 85c.**

422 Early Blood Turnip (60 days)—A good dependable midseason variety. Nearly round, deep red with brighter red zones. High quality. **Packet 10c; ½ Oz. 18c;—1 Oz. 30c; ¼ Lb. 85c.**

CABBAGE

Contains vitamins A, B₁, C, G, P.P., Calcium Iron.

1 Pkt. will produce 100 or more plants; 1 Oz., 2500 plants.

434 Early Flat Dutch (75 days)—An early, unusually fine, large, solid, flat-headed type. Fine quality, 5 to 6 pound heads. Keeps well. **Pkt. 10c; ½ Oz. 43c; 1 Oz. 75c.**

435 Danish Ballhead (100 days)—Our most popular late cabbage, producing round compact heads weighing from 7 to 9 pounds. Excellent keeper. Very crisp and tender. Fine for kraut. **Pkt. 10c; ½ Oz. 43c; 1 Oz. 75c.**

436 Early Jersey Wakefield (60 days)—An extra early variety with cone-shaped heads, 2 to 3 pounds each. **Pkt. 10c; ½ Oz. 43c; 1 Oz. 75c.**

437 Golden Acre (65 days)—An extra early garden variety with round firm heads weighing about 4 pounds each. Resists bursting. **Pkt. 10c; ½ Oz. 43c.**

Marion Market

***438 Marion Market** (75 days)—A Yellows Resistant strain of Copenhagen Market. A sure heading, main crop variety. Our most popular cabbage. Excellent quality, has short stems and is good for early kraut and all cooking purposes. Weighs 4 to 5 pounds. **Pkt. 10c; ½ Oz. 43c.**

439 Premium Late Flat Dutch (100 days)—Very popular large, flat headed winter cabbage. Fine quality, solid, good keeper and fine for kraut. Heads weigh from 13 to 15 pounds. **Pkt. 10c; ½ Oz. 43c; 1 Oz. 75c.**

CELERY

Contains vitamins A, B₁, C, G, Calcium, Iron, Phosphorus.

431 Golden Self Blanching (118 days)—Very desirable early celery. Stalk is thick, solid, medium long and free from pithiness. Blanches itself to a golden yellow. **Pkt. 10c; ½ Oz. 44c.**

432 Giant Pascal (140 days)—Large late winter variety, delicious flavor. Easily blanched by trenching, to a beautiful creamy white. **Pkt. 10c; ½ Oz. 44c.**

CARROTS

Contain vitamins A, B₁, C, G, P.P., Calcium, Phosphorus, Iron.

One Pkt. will sow 35 feet; One Oz. 2 feet.

Improved Chantenay

***426 Improved Chantenay** (70 days)—The outstanding favorite with people who grow carrots in their garden. This is very choice strain producing large, thick six-inch orange roots, very tender, high quality and free from hard core. Very heavy yielder. **Pkt. 10c; ½ Oz. 25c; 1 Oz. 45c.**

Coreless Nantes

***427 Coreless Nantes** (68 days)—We especially recommend this for the home garden because of its extra fine quality. The roots are deep orange, very tender and sweet from 6 to 7 inches long and the same size from top to bottom. **Pkt. 12c; ½ Oz. 30c; 1 Oz. 50c.**

429 Danver's Half Long (75 days)—Very productive. Keeps all winter. Does well in all classes of soil. Smooth, deep orange roots, about 7 inches long, tapering to a blunt point. Sweet, tender and crisp. **Pkt. 10c; ½ Oz. 25c; 1 Oz. 45c.**

430 Oxheart (72 days)—Especially good for rather stiff, hard soil because the roots are short and stubby. A good keeper. Bright orange, tender and sweet. **Pkt. 10c; ½ Oz. 25c; 1 Oz. 45c.**

SWEET CORN

Contains vitamins **B₁**, **C**, **Phosphorus**, **Iron**. Also Vitamins **A** and **G** in yellow sweet corn.

One packet will sow 60 feet or more; 1 Lb. 400 feet.

***450 Aristogold Bantam No. 1** (83 days)—A new yellow hybrid variety especially for hot, dry sections where you have trouble growing other sweet corns. It stands heat and drought. Also resistant to the ear worm and smut. Big ears with deep kernels, high quality. Very heavy producer. It is an All-America winner.
Large Pkt. 15c; ½ Lb. 38c; 1 Lb. 70c.

***443 Aristogold Bantam Evergreen** (87 days)—This is the largest, high quality yellow hybrid sweet corn we have ever seen. About a week later than Aristogold No. 1, the ears are a little larger, equally fine quality and even more productive. The two together make a great team. Stands the heat, drought and wind.
Large Pkt. 15c; ½ Lb. 38c; 1 Lb. 70c.

448 Country Gentleman (90 days)—The late white corn with long, deep grained kernels irregularly arranged. Often called the shoe-peg type. A heavy yielder.
Large Pkt. 10c; ½ Lb. 22c; 1 Lb. 39c.

Earligold

***444 Earligold** (72 days)—Plant this for the first sweet corn of the summer. It is the earliest yellow hybrid and the ears have 12 to 16 rows, delicious, tender and sweet. You will want more next year.
Large Pkt. 15c; ½ Lb. 38c; 1 Lb. 70c.

447 Golden Bantam (78 days)—The favorite yellow sweet corn for many years. Very early, small ears, tender and sweet.
Large Pkt. 10c; ½ Lb. 20c; 1 Lb. 35c.

***445 Golden Cross Bantam** (82 days)—Our most popular yellow hybrid, producing 12 rowed ears, 8 inches long. It is about 3 times as productive as Golden Bantam. It is also resistant to bacterial wilt which often causes failure with early yellow corn. We honestly believe that once you grow this corn, you will always want it. The kernels are so tender and sweet they fairly melt in your mouth.
Large Pkt. 12c; ½ Lb. 30c; 1 Lb. 55c.

445A Hybrid Blends—A special blend of all the finer yellow hybrids to give you an all season supply with only one planting. It contains early, medium, and late varieties. Thus all your sweet corn does not come on at once, and you can enjoy sweet corn all season long from just one planting.
Large Pkt. 15c; ½ Lb. 34c; 1 Lb. 60c.

449 Stowell's Evergreen (94 days)—The standard main crop white sweet corn. Large ears, sweet and stays tender a long time. Especially fine for canning.
Large Pkt. 10c; ½ Lb. 22c; 1 Lb. 36c.

446 Tendergold (75 days)—A very fine yellow hybrid corn that is sweet, tender and of finest quality. Matures a few days earlier than Golden Bantam. Much more productive and holds its quality two to three days longer than other corns. The golden ears are 12 rowed about 8 inches long.
Large Pkt. 12c; ½ Lb. 33c; 1 Lb. 60c.

All Summer Corn Special

You will have sweet corn for many weeks

**Aristogold Bantam

Golden Cross

CUCUMBERS

Contain vitamins **A**, **B₁**, **C**, **G**, **Phosphorus**, **Iron**

One Packet will plant 15 hills; one Ounce 65 to 70 hills.

452 Chicago Pickle (58 days)—Very popular early pickle variety. Vigorous grower and very productive. Pickles are uniform size, medium green and square ended.
Pkt. 10c; ½ Oz. 16c; 1 Oz. 27c.

Improved Long Green

***453 Improved Long Green** (62 days)—The best and most popular all-purpose cucumber, fine for slicing and pickling. It does well in every section, producing heavily when other kinds give up. It is medium dark green, crisp with few seeds.
Pkt. 10c; ½ Oz. 18c; 1 Oz. 30c.

National Pickling

***454 Select National Pickling** (55 days)—Our most popular pickling type. Of uniform size and color, as firm after pickling as before. Very early and enormously productive. Even size, straight, with square blunt ends, deep green color.
Pkt. 10c; ½ Oz. 16c; 1 Oz. 27c.

456 Straight Eight (58 days)—A new white spine type, very productive, long straight fruits of an ideal dark green color. Averages about 8 inches long.
Pkt. 10c; ½ Oz. 20c; 1 Oz. 35c.

LETTUCE

Contains vitamins **A, B₁, C, G, Calcium, Phosphorus, Iron.**

One Packet of seed will sow 40 to 50 feet, one Ounce, 200 feet.

Black Seeded Simpson

***462 Black Seeded Simpson** (46 days)—Our most popular loose leaf lettuce. The broad, frilled light green leaves are crisp, tender and of excellent quality. It is very early and does well everywhere. **Pkt. 8c; 1 Oz. 23c.**

463 Early Curled Simpson (45 days)—Large, light green ruffled leaves make this a fine home garden lettuce. Crisp and sweet. **Pkt. 8c; 1 Oz. 23c.**

Early Prizehead

***464 Early Prizehead** (45 days)—An early, non-heading home garden variety. The crimped, crisp, tender leaves are tinged brownish red. One of the most easily grown varieties. **Pkt. 8c; 1 Oz. 23c.**

466 Iceberg (82 days)—Large, solid heads, white inside, crisp and of excellent quality. A popular head lettuce. **Pkt. 10c; ½ Oz. 20c.**

467 Imperial No. 44 (70 days)—If you have been unable to grow head lettuce, try this variety. It is early and stands lots of heat. The heads are compact and medium large. **Pkt. 10c; ½ Oz. 20c.**

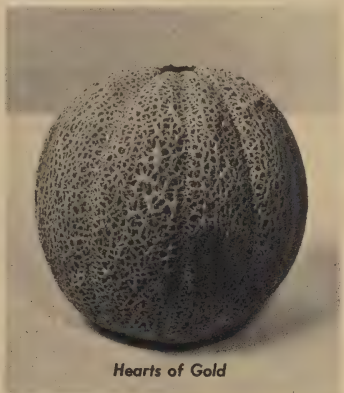

MUSKMELON (Cantaloupe)

Contain vitamins **A, B₁, C, G,** and minerals.

One Packet will sow 15 hills; 1 Ounce, 60 hills.

470 Hales Best (87 days)—Thick tender flesh is deep salmon and richly flavored. Oval fruits with a heavy netting weigh 4 pounds. **Pkt. 10c; 1 Oz. 25c; ¼ lb. 75c.**

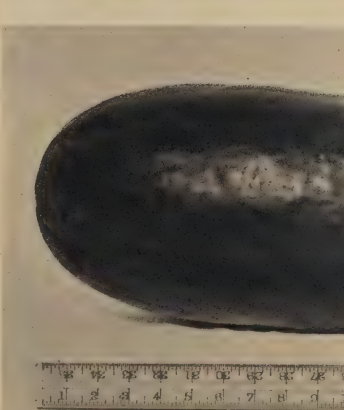

472 Honey Rock (85 days)—One of the finest for our mid-west home gardens. The fruits weigh about 3 pounds, and the flavor is ideal. Thick orange flesh. **Pkt. 10c; 1 Oz. 25c; ¼ lb. 75c.**

Hearts of Gold

***471 Hearts of Gold** (88 days)—The salmon-orange flesh is very thick and good right out of the rind. The fruits are tender, juicy and very sweet. This melon weighs about 4 pounds. It is the most popular muskmelon for general use. **Pkt. 10c; 1 Oz. 25c; ¼ lb. 75c.**

474 Rocky Ford Netted Gem (95 days)—A fine home and market garden melon, weighing about 2½ pounds. Uniform size, nearly round, thick green flesh with a spicy flavor. **Pkt. 10c; 1 Oz. 25c; ¼ lb. 75c.**

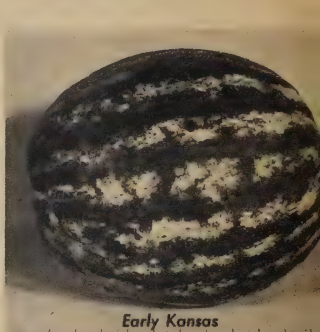

Improved Kleckley Sweet No. 6

WATERMELON

Contain vitamins **A, B₁, C, G,** and minerals.

One Packet will sow 10 hills, 1 Ounce, 30 hills.

475 Northern Sweet (76 days)—A very early, round melon weighing 12 pounds, having a thin rind and deep red flesh. An ideal ice-box melon. **Pkt. 8c; 1 Oz. 15c; ¼ lb. 45c.**

Early Kansas

***480 Early Kansas Sweet** (85 days)—A very large medium early melon, fine for home gardens. Thin green-striped rind, bright red flesh of very fine sweet flavor. Seeds are reddish-brown. Weighs about 40 pounds. This is one of our finest melons and we recommend it to you. **Pkt. 8c; 1 oz. 15c; ¼ lb. 45c.**

***477 Imp. Kleckley Sweet, No. 6** (85 days)—Many consider this the best watermelon. Weighs about 35 pounds, with seeds. Has bright red flesh which is crisp, tender and very sweet. We especially recommend this wilt resistant strain. **Pkt. 8c; 1 Oz. 15c; ¼ lb. 45c.**

478 Stone Mountain (86 days)—A large, round, solid dark green melon, a very popular. Ripens medium early and has a very delicious flavor with lots of heart. Weighs 30 to 40 pounds. **Pkt. 8c; 1 Oz. 15c; ¼ lb. 45c.**

ONIONS

Contain **B₁, C, G, Calcium, Phosphorus, Iron.**

One Packet will sow 12 to 15 feet; 1 Ounce, 200 feet.

482 Giant Yellow Sweet Spanish (112 days)—The most popular yellow onion. Very large with mild crisp white flesh. **Pkt. 10c; ½ Oz. 52c; 1 Oz. 95c**

481 Large Red Weathersfield (110 days)—The favorite red onion. Flat, solid, medium large bulbs that keep well. **Pkt. 10c; ½ Oz. 40c; 1 Oz. 75c.**

483 Southport White Globe (115 days)—The best and most popular white onion. The bulbs are medium large, crisp, mild and have snowy white flesh. A good keeper and a heavy yielder. **Pkt. 10c; ½ Oz. 45c; 1 Oz. 84c.**

485 Yellow Globe Danvers (111 days)—White flesh, crisp and very fine quality. Firm and solid, this is the best keeping yellow onion. Very productive. **Pkt. 10c; ½ Oz. 45c; 1 Oz. 84c.**

Moss Curled Parsley

PARSLEY

Contains Vitamin A and Iron.

487 Moss Curled (72 days)—The most desirable for garnishing and decorative purposes. Dark green, finely cut curled leaves. Very fast growing. Cut it and it comes up again. Sow early. **Pkt. 8c; 1 Oz. 23c.**

Hollow Crown

PARSNIPS

Contain **B₁, C, Calcium, Phosphorus, Iron.**

One Packet will sow about 40 feet; 1 Oz., 200 feet.

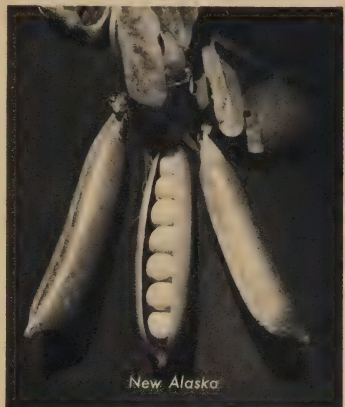

488 Hollow Crown (125 days)—The most popular variety. Smooth, white skin with rich, tender, sweet flesh. Long, tapering roots about 12 inches long. They can be left in the ground over winter. Dig them in early spring before growth starts. **Pkt. 8c; 1 Oz. 20c.**

PEAS

Contain vitamins **A, B₁, C, G, P.P., calcium, Phosphorus, Iron.**

One Pkt. will sow 15 feet; 1 Lb., 100 feet.

All of these Peas grow only around 18 inches tall and do not have to be supported. When you order Peas be sure and include 10c for a packet of Nitragin to inoculate the Pea and Bean seed. 1 Pkt. is enough for 3 to 4 pounds of seed.

New Alaska

***490 New Alaska** (54 days)—This is the kind to plant for those first fresh Peas from your garden. This is an improved strain with larger pods, better flavor and very productive. Smooth seeded, it can be planted very early.

Large Pkt. 10c; ½ Lb. 18c; 1 Lb. 30c.

492 American Wonder (60 days)—A popular early pea. A good bearer of tender, sweet flavored peas. Grow only 12 to 15 inches tall.

Large Pkt. 10c; ½ Lb. 22c; 1 Lb. 39c.

491 Fillbasket (60 days)—One of the earliest large podded semi-wrinkled peas. Sturdy vines bear an abundance of dark green pods, filled with good quality peas. **Large Pkt. 10c; ½ Lb. 22c; 1 Lb. 39c.**

Little Marvel

494 Laxton's Progress (62 days)—The earliest and heaviest yielding of the large podded peas. The pods are very large, with big, plump peas of the finest flavor. Very popular.

Large Pkt. 10c; ½ Lb. 22c; 1 Lb. 39c.

***495 Little Marvel** (62 days)—Our most popular wrinkled variety and the most satisfactory kind in the average home garden. It is very hardy and can be planted almost as early as New Alaska. Very productive, the pods are filled from end to end with the delicious, tender peas.

Large Pkt. 10c; ½ Lb. 22c; 1 Lb. 39c.

Inter-State's Pea Special

We have selected 3 varieties which will mature in succession and furnish a continuous supply over a long season.

New Alaska—Earliest of all peas.

Fillbasket—Midseason, bearing large, wrinkled, tender peas.

Little Marvel—The best and most popular of all peas. Very productive.

Large Pkt. of each.....only 25c
½ Lb. of each.....only 55c
1 Lb. of each.....only 95c

PEPPERS

Contain **A, C, B₁** and **G**; also **Calcium** and **Iron.**

496 California Wonder (70 days)—A good stuffing pepper—large size, almost square shape, very thick walls, sweet, tender and good flavor. Smooth glossy green, becoming red when ripe.

Pkt. 10c; ½ Oz. 25c.

501 Hungarian Long Hot Banana (60 days)—A very prolific, early and hot pepper. The long, slender fruits are pale green then turn red.

Pkt. 10c; ½ Oz. 40c.

498 King of the North (57 days)—The earliest large sweet pepper. Dark green, thick fruits with mild sweet flesh. Turns red when ripe. **Pkt. 10c; ½ Oz. 25c.**

500 Long Red Cayenne (70 days)—A favorite hot sort used chiefly for pickling, canning and drying. **Pkt. 10c; ½ Oz. 30c.**

497 Ruby King (68 days)—A popular variety for home gardens. Bears dark green fruits, about 4½ to 6 inches long, which turn a ruby red color when ripe. Fruits are about 3 inches thick. One of the best types for pickles. **Pkt. 10c; ½ Oz. 20c.**

499 Sunnybrook Pimento (72 days)—Fine for home gardens, excellent flavor. Fruits are 2½ to 3 inches long and 3 inches in diameter. They are tomato-shaped, smooth with thick, mild flesh. **Pkt. 10c; ½ Oz. 30c.**

A REAL SEED BARGAIN!

See the Home Food Collection on Page 79. Order enough of these Collections for successive plantings. Keep your garden working till frost.

PEANUTS

Plant some this spring. You will be astonished at how much they yield.

489 Peanuts, Jumbo—The large standard roasting peanut. Stands heat and drought. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

489A Peanuts, Early Spanish—The pods are smaller than the Jumbo but they will mature as far north as Minnesota. Very heavy producer. **Large Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

Early Spanish

POP CORN

450 White Hull-less—Most popular white pop corn. Small, short ears. Pops snow-white, absolutely without hulls, very fine quality. **Pkt. 10c; ½ Lb. 23c; 1 Lb. 40c.**

451 South American Jumbo—This is the yellow pop corn that pops to such enormous size, creamy yellow color. Good yielder, usually 2 to 3 ears on a stalk, the ears 6 to 7 inches long. **Pkt. 10c; ½ Lb. 23c; 1 Lb. 40c.**

PUMPKIN

One Pkt. will sow 8 hills; 1 Ounce, 24 hills.

502 Connecticut Field (120 days)—Heaviest producer. Big, yellow pumpkins that weigh 15 to 25 pounds. Thick, sweet, fine-grained flesh. **Pkt. 7c; 1 Oz. 15c; ¼ Lb. 45c; 1 Lb. \$1.35.**

503 Small Sugar Pie (115 days)—Weigh 4 pounds. What delicious pies you get from its rich golden-orange flesh, thick, sweet, finest flavor. **Packet 8c;—1 Oz. 15c; ¼ Lb. 45c; 1 Lb. \$1.35.**

Small Sugar Pie

RADISHES

Contain **C** and minerals.

One Packet will sow 30 feet; 1 Ounce, 100 feet.

Sow every 2 weeks for a continuous supply of fresh radishes all season.

Scarlet Globe

***504 Early Scarlet Globe** (22 days)—By far the most popular real early radish. Bright scarlet, olive-shaped, crisp and tender. **Pkt. 8c; 1 Oz. 15c.**

505 French Breakfast (24 days)—Early oblong shaped radish, scarlet with white tip. **1 Pkt. 8c; 1 Oz. 15c.**

New Crimson Giant

***507 New Crimson Giant** (28 days)—A rather new red radish that is fast becoming the most popular of all radishes. It is a large round radish being about 1½ inches in diameter when fully grown. Deep crimson in color with white flesh that is very crisp and tender, and stays that way longer than any other red radish we know. Do not sow seed too thickly. **Pkt. 8c; 1 Oz. 15c.**

White Icicle

***508 White Icicle** (27 days)—Everybody likes this long, snow-white radish. It is very mild, crisp and tender and stays that way for a long time. **Pkt. 8c; 1 Oz. 15c.**

SPINACH

Contains vitamins **A, B₁, C, G**, P. **Calcium, Phosphorus, Iron.**

One Packet will sow 35 feet, 1 ounce will sow 100 feet.

513 Mustard Spinach, Tendergreen (25 days)—This green combines the flavors of mustard and spinach. Very prolific, it produces 6 or 7 crops a year. **Pkt. 10c; 1 Oz. 20c.**

***511 Nobel's Giant Thick Leaf** (40 days)—Has large dark green crimped leaves, and one of the heaviest yielders. Does not go to seed early. **Pkt. 8c; 1 Oz. 16c; ¼ Lb. 50c.**

512 Savoy Bloomsdale (40 days)—Large, curled, deep green leaves. Plant real early and enjoy early greens. **Pkt. 8c; 1 Oz. 20c; ¼ Lb. 55c.**

Nobel's Giant Thick Leaf

SQUASH

Contains vitamins **A, B₁**, and **G**; also **Calcium** and **Iron**.

POSTPAID PRICES ON ALL SQUASHES

528 Acorn, Table Queen (58 days)—Weighs about 1 pound, just the right size to cut in half for serving. Dark green hard shell with rich orange-yellow flesh of fine flavor. A tremendous producer and good keeper. **Pkt. 8c; 1 Oz. 20c.**

527 Chicago Wartyed Hubbard (115 days)—Dark green, warty, and deep orange-yellow flesh. Weighs about 1½ pounds. The best winter squash. **Pkt. 10c; 1 Oz. 23c.**

530 Early Straightneck (55 days)—Heavily warted, thick necked, straight lemon-yellow fruit with light yellow flesh. Weighs about 3 pounds. **Pkt. 8c; 1 Oz. 20c.**

531 Striped Cushaw (115 days)—Fruit are crooknecked, very large and irregularly green striped. Thick, sweet, light yellow flesh. Very prolific. **Pkt. 8c; 1 Oz. 20c.**

TURNIPS

Contain vitamins **C** and **Calcium**. Turnip top greens contain **A**, **B₁**, **C**, **G**, **P.P.**, **Calcium**, **Phosphorus**, **Iron**.

One Packet sows 40 feet, 1 Oz. 200 ft. To get largest yield, broadcast turnip seed thinly instead of planting in rows.

533 Purple Top Strap Leaf—Flat, medium sized roots, purple topped, fine grained and mild. **Pkt. 9c; 1 Oz. 16c.**

***534 Purple Top White Globe**—Most widely planted turnip. Globe shaped and white, tender flesh. Very mild in flavor. **Pkt. 9c; 1 Oz. 16c.**

Purple top White Globe

USEFUL VEGETABLES

TO ROUND OUT YOUR GARDEN

Contain vitamins **A**, **B₁**, **C**, **G**, **P.P.**, and minerals.

Why pay a high price for plants when you can grow your own at small cost?

514 Earliana (66 days)—A widely planted extra early variety. Medium size, bright red fruits. **Pkt. 10c; ½ Oz. 30c; 1 Oz. 50c.**

***517 Firesteel** (65 days)—Be sure and plant some of this new variety, especially if you live here in the central west. It stands lots of heat and drought and bears when the others fail. Besides that it is very early. The fruits are medium large, solid, smooth, attractive red color, very good flavor and produced in tremendous quantities. A great tomato. Very fine for canning and tomato juice. **Pkt. 15c.**

***519 Marglobe** (77 days)—A heavy yielder of large, smooth, deep red, globe-shaped tomatoes with thick, firm meat. Fine for canning and slicing. Resistant to wilt and nail-head rust. **Pkt. 8c; ½ Oz. 20c; 1 Oz. 30c.**

518 New Stone (86 days)—A favorite for home gardens and canning. Productive. Fruits are large, smooth, solid, bright scarlet. **Pkt. 8c; ½ Oz. 20c; 1 Oz. 35c.**

520 Oxheart (90 days)—Very large, almost seedless, solid and sweetly flavored fruits. Especially fine for slicing. **Pkt. 10c; ½ Oz. 40c.**

516 Giant Ponderosa (88 days)—Our selected strain produces fruit of immense size and smoother than most others. Fruits have few seeds, are very solid and have a fine flavor. **Pkt. 10c; ½ Oz. 35c; 1 Oz. 55c.**

522 Red Head (76 days)—A round, smooth, medium early variety that does unusually well. Firm, bright red flesh, fine for slicing and canning. **Pkt. 8c; ½ Oz. 25c; 1 Oz. 40c.**

***523 Rutgers** (77 days)—Most widely planted of all tomatoes. Bright scarlet, meaty fruits are fine for slicing and canning. Ripens from the inside out. Fine quality. Very heavy producer. Resistant to wilt and nail-head rust. **Pkt. 10c; ½ Oz. 20c; 1 Oz. 35c.**

524 Yellow Pear (73 days) — Bears yellow pear-shaped fruits that are excellent for preserves. **Pkt. 10c.**

564 Broccoli, Italian Green Sprouting—Tender tops and flower shoots used for greens. Contains **A**, **B₁**, **C**, **G**, **Calcium**, **Iron** and **Phosphorus**. **Pkt. 10c.**

563 Brussel Sprouts, Long Island—Thickly set stems with solid cabbage-like balls. Contains **A**, **B₁**, **C**, **Calcium**, **Phosphorus** and **Iron**. **Pkt. 10c.**

433 Cauliflower, Early Snowball—The most widely planted early variety. Compact snow-white heads. A fine home garden variety. **Pkt. 10c.**

569 Celtuce—Use leaves when young either for cooked greens or as a lettuce. The crisp stalk is also edible raw or cooked, peel off the outer skin. There are many ways to prepare it for table use. It has the combined flavor of celery and lettuce. Try it for yourself. **Pkt. 15c.**

567 Collards—A type of cabbage, used extensively for greens. Contains **A**, **B₁**, **C**, **G**, **P.P.**, **Calcium**, **Iron** and **Phosphorus**. **Pkt. 10c.**

457 Dill—The common dill pickle herb. **Pkt. 10c.**

458 Egg Plant, Black Beauty—The thick smooth rich purple fruits are very early. **Pkt. 10c.**

459 Endive, Green Curled—Delicious for autumn and winter salads. Frost improves its quality and flavor. Contains **A**, **C**, **G**, **Calcium** and **Iron**. **Pkt. 10c; 1 Oz. 22c.**

457A Gherkin, West Indies—Small oval shaped prickly cucumber, fine for small pickles. **Pkt. 10c; ½ Oz. 20c.**

460 Kale, Green Curled—Makes tasty greens for early fall, winter and spring. Contains **A**, **B₁**, **C**, **G**, **P.P.**, **Calcium**, **Phosphorus** and **Iron**. **Pkt. 10c.**

461 Kohlrabi, Early White—Best for home use, has mild, crisp and tender flesh, dwarf. **Pkt. 10c.**

468 Mustard, Giant Southern Curled—Long and wide leaves with curled edges for greens. Contains **A**, **B₁**, **C**, **G**, **P.P.**, **Calcium**, **Phosphorus** and **Iron**. **Pkt. 8c; 1 Oz. 18c.**

570 Okra, Dwarf Green—For soups. **Pkt. 10c.**

571 Rutabaga, Purple Top. **Pkt. 10c.**

525 Salsify, Mammoth Sandwich Island—A delicious, nutritious vegetable with a decided oyster flavor. Keeps in ground over winter but must be dug before spring growth starts. **Pkt. 10c.**

424 Stock Beet, Mammoth Long Red—The heaviest yielding of all stock beets, producing roots of enormous size. One of the finest feeds for poultry and stock. **Pkt. 7c; 1 Oz. 15c.**

***423 Swiss Chard, Lucullus**—The most commonly grown chard. It is of the beet family but is grown for its leaves only, which make very fine greens. **Pkt. 10c; 1 Oz. 20c.**

534 Turnip Top Greens—Extra rich in Vitamins and excellent for greens. Contains **A**, **B₁**, **C**, **G**, **P.P.**, **Calcium**, **Phosphorus** and **Iron**. **Pkt. 9c; 1 Oz. 16c.**

Swiss Chard

PEAT MOSS

Full Bale of 135 pounds for \$2.75
Burlap Bag of 60 pounds for \$1.95

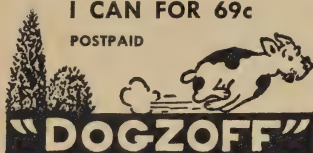

You pay the express charges. A good soil builder, it adds humus and helps soil hold moisture much better. A good top dressing for lawns. When planting Azaleas, Blueberries, Blue Hydrangeas, mix Peat Moss with the soil, half and half. Then put a mulch of it around the plants and leave it. Mix about 1/4 Peat Moss with the soil when planting trees of all kinds, roses, shrubs, vines and perennials. They will grow better and faster.

DOGZOFF

This is guaranteed to keep dogs and other animals away from places they are not wanted. Harmless to humans, non-poisonous, non-inflammable. Easy to use, simple instructions on every can. One can usually lasts a season.

I CAN FOR 69c

POSTPAID

5 FRIENDS OF THE GARDENER

GENUINE HASTINGS SOIL-SOAKER

An ideal way to water because the water seeps through the entire length of the porous canvas and wets the ground thoroughly without waste and without wetting the flowers or foliage. Is flexible so you can place it right where you want it. You simply put it on the end of your garden hose. We have tried many sprinklers and this is the best we have ever seen or tried.

No. 0. 12 feet long—Each \$1.40 Postpaid
No. 1. 18 feet long—Each \$1.90 Postpaid
No. 2. 30 feet long—Each \$2.90 Postpaid
No. 3. 50 feet long—Each \$4.75 Postpaid

We Want Everyone To Try

BUG-DUST-O-CIDE

It's easier to protect your plants from a wide variety of both sucking and chewing insects with Bug-Dust-O-Cide. It controls aphids, bean beetles, flea beetles, leaf hopper, cabbage worms, cucumber beetles, potato beetles and certain other insects. Checks fungus diseases, mildew and black spot. As the supply is limited, the government requests that you use it only on vegetables and fruit plants, anything that produces food.

PRICES

Postpaid in Iowa, Kansas, Missouri and Nebraska. All other states add 3c per pound for postage.

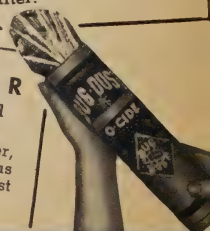

2½ Pounds Bug-Dust-O-Cide & Duster	\$1.00
3 Pounds Bug-Dust-O-Cide	1.00
5 Pounds Bug-Dust-O-Cide	1.60
5½ Pounds Bug-Dust-O-Cide & Duster	1.90
10 Pounds Bug-Dust-O-Cide	3.00
25 Pounds Bug-Dust-O-Cide	7.00

1. NON-POISONOUS TO HUMANS AND DOMESTIC ANIMALS WHEN USED AS DIRECTED.
2. MULTI-PURPOSE—Has a triple action on certain insects—as a stomach poison, a contact poison and as a repellent.
3. EFFECTIVE—Satisfied users everywhere recommend Bug-Dust-O-Cide.
4. EASY-TO-USE—ready to apply—no mixing, no fuss or bother.

SPECIAL OFFER

2½ Lbs. Bug-Dust-O-Cide and Duster \$1.00, Postpaid

The duster is a sturdy fiber container, easily operated by pumping stroke, as illustrated. Holds one full pound of dust which eliminates constant refilling.

FORCE'S Gopher Killer

**No Traps, No Gas,
No Bait to Mix**

Force's Gopher Killer is the result of four years extensive research and experiments. It is made in ready-to-use pellet form. Has no harmful effects on the soil or vegetation. Reaches and kills the gophers right where they live, in the ground.

GUARANTEED TO KILL GOPHERS OR MONEY REFUNDED

Just follow the simple instructions with each package and it will prove 100% effective or the purchase price will be refunded. POSTPAID.

**K1 60 Pellets for \$.50
K2 175 Pellets for 1.00**

**ORDER from INTER-STATE NURSERIES
Hamburg, Iowa**

FORCE'S

KILLER

Mole Killer

**Kills the Moles in the Ground
No Traps—No Gas
No Exposed Poison**

Compounded from the mole's natural food and made in pellet form, ready to use. It also contains a poison deadly to moles, killing them right where they live, in the ground.

Guaranteed to Kill Moles or Money Refunded

Use according to the simple instructions with each package. Guaranteed to kill the moles or purchase price will be refunded. To quickly eradicate the entire family of moles, place these Pellets in all visible runways, at intervals of two feet. Moles readily seek these Pellets, eat them and die. These Pellets if placed around the edge and throughout a freshly made flower bed, will eliminate the loss of bulbs or plants. Keep an ample supply of Force's Mole Killer Pellets on hand at all times to treat new runways as soon as they appear. POSTPAID.

**K4 75 Pellets for \$.50
K5 185 Pellets for 1.00
K6 875 Pellets for 3.25**

Make Your Garden Produce More in 1944 with Inter-State's Guaranteed Seeds

When you get the seeds, open the packets and notice how many seeds there are, how plump and full-of-life. Test them any way you wish. These First Quality, Tested Seeds are guaranteed to please you when you get them and they are also **GUARANTEED TO GROW IN YOUR GARDEN.**

ORDER NOW, DON'T RISK DELAY

Send in your order today, while you have time to select what you want. Every variety we offer is a good one and we have marked with an (*) those which are most popular. We will send the seeds to you at once and you will have them on hand, ready to plant, when the proper time comes.

BUY WHAT YOU NEED

There is no rationing of seeds. You can order all that you want. Every dollar you spend for them is a good investment. You get your money's worth back, many times over.

READ WHAT OUR CUSTOMERS WRITE US

We have room for only a few letters, written to us voluntarily.

Mr. John W. Randall, Salem Depot, N.H. wrote us—"For the three dollars' worth of vegetable seed I purchased this year, we are canning all we need and selling on an average of three dollars a day. From 6 packages of peas, 52 pints canned, also all that we could eat and sold \$11.00 worth besides."

Mrs. Ralph Rodgers, Emporia, Kansas, wrote us—"We planted our garden last year from Inter-State Nurseries Seed and it was the best garden we ever raised. Every seed grew and I canned over 400 quarts of vegetables from that garden."

Mrs. M. T. Mills, Florence, Kansas, wrote us—"I bought your Fill Basket offer last year. Planted my peas in February, canned 97 quarts. I canned 105 quarts of beans, 37 quarts of carrots and sold \$2.00 worth more than I paid for the seeds. In all, I canned over 375 quarts of vegetables and they are fine this winter."

The seed collection which was called the Fill Basket last year, is called the Home Food Collection this year. See it on page 79. You get \$1.69 worth of our finest varieties of seeds for only \$1.00. Start your seed order with this Home Food Collection.

BIG FULL SIZE PACKETS, HIGHEST QUALITY SEED, GUARANTEED TO GROW

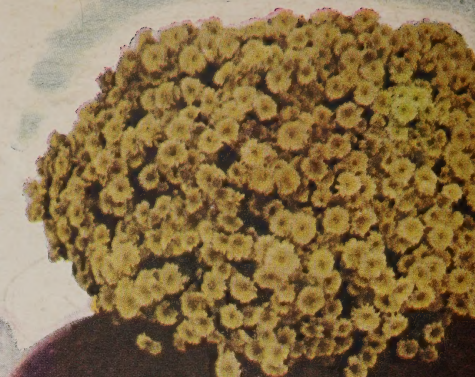

The Outstanding Seed Offer of 1944. Contains seed to produce garden-fresh vegetables throughout the season and some to can for winter. These are our regular large full-size packets, exactly the same as if you paid the catalog price of \$1.69. The varieties in this collection have been selected with the greatest care. They are the best, the most productive, the best flavored. Simple planting instructions printed on every packet. To have a good garden, you must have good seeds.

You realize the importance of growing all the food you can. If you have the space, **DOUBLE YOUR GARDEN THIS SPRING**. Make successive plantings so you will have fresh vegetables all through the season. It is more important than ever to order early this year, just as soon as you can after you get this catalog. Then you will have the seeds on hand when you want them. Show this to your neighbors, they might want to order a collection also.

PLEASE NOTE—This collection is made up in advance and cannot be changed.

P16 Bronze Cushion—A grand sight with its rich fall colors of gold, orange, copper and bronze. **Each 30c.**

P20 Yellow Cushion—Great masses of gleaming yellow. Outstanding in the garden and fine for cutting. **Each 30c.**

5 Famous Cushion MUMS

The Cushion Mums pictured here in natural color cannot begin to show you the exquisite beauty and loveliness of the **BUSHEL OF BLOOMS** these plants produce from late summer until late fall. They grow about 2 feet tall and 2 to 3 feet wide, perfectly hardy, come up year after year and are so easy to grow. It is almost unbelievable the many hundreds of blooms these plants produce. You can pick bouquet after bouquet after all other flowers are gone. Postpaid.

Our Plants Will Bloom This Season

P21 1 Each of All 5 for \$1.25

P18 Red Cushion—This is the best and earliest blooming Red cushion-type Mum we know. The glowing mahogany flowers cover the plant for weeks. **Each 35c.**

P17 Pink Cushion—The original Cushion Mum with many hundreds of lovely pink flowers produced freely. **Each 30c.**

P19 White Cushion—Pure white with a warm ivory center giving a balanced color effect with fall flowers. **Each 30c.**
